(4) The ***SSUTA*** agreement shall provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states.

(5) The ***SSUTA*** agreement shall provide that registration with the central registration system and the collection of sales and use taxes in the signatory state will not be used as a factor in determining whether the seller has nexus with a state for any tax.

(6) The ***SSUTA*** agreement shall provide for a reduction of the burdens of complying with local sales and use taxes through the following:

(a) Restricting variances between the state and local tax bases;

(b) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions;

(c) Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes; and

(d) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions.

Section 25. KRS 139.791 is amended to read as follows:

The ***SSUTA*** agreement authorized by KRS 139.780 to 139.795 is an accord among individual, cooperating sovereigns in furtherance of their governmental functions. Section 26. KRS 139.793 is amended to read as follows:

(1) The ***SSUTA*** agreement authorized by KRS 139.780 to 139.795 binds and inures only to the benefit of this state and the other member states. No person, other than a member state, is an intended beneficiary of the ***SSUTA*** agreement. Any benefit to a person other than a state is established by the law of the state and the other member states and not by the terms of ***the SSUTA***[~~this~~] agreement.

(2) Consistent with subsection (1) of this section, no person shall have any cause of action or defense under the ***SSUTA*** agreement or by virtue of this state's approval of the ***SSUTA*** agreement. No person may challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of this state, or any political subdivision of this state on the ground that the action or inaction is inconsistent with the ***SSUTA*** agreement.

(1) According to the provisions of the ***SSUTA*** agreement, a seller who registers under the terms of the ***SSUTA*** agreement to pay or to collect and remit applicable sales and use tax on sales made in Kentucky shall be exempt from assessment for uncollected or unpaid sales or use tax together with penalty and interest for sales made during the period the seller was not registered in Kentucky if:

(a) The seller was not registered in Kentucky in the twelve (12) month period preceding the effective date of Kentucky's participation in the ***SSUTA*** agreement; and

(b) The seller registers in Kentucky within twelve (12) months of the effective date of Kentucky's participation in the ***SSUTA*** agreement.

(2) The exemption is not available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved, including any related administrative and judicial processes.

(3) The exemption is not available for sales or use taxes already paid or remitted to the state or to taxes collected by the seller.

(4) The exemption is fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, if the seller remains registered and continues payment or collection and remittance of applicable sales or use taxes for a period of at

least thirty-six (36) months. During this thirty-six (36) month period, the statute of limitations shall be suspended for the seller remaining in compliance with registration and payment requirements. Failure to meet these terms will result in a revocation of the exemption.

(3) The taxes collected under this section shall be deemed to be held in trust by the retailer for and on account of the Commonwealth of Kentucky.

(4) The taxes to be collected under this section shall constitute a debt of the retailer to the Commonwealth.

SECTION 6. A NEW SECTION OF KRS CHAPTER 139 IS CREATED TO READ AS FOLLOWS:

(1) Unless otherwise provided by federal law, the following rules shall apply to a bundled transaction as defined in subsection (3) of this section, that includes any or all of a telecommunications service, ancillary service, Internet access, audio programming or video programming:

(a) If the price is attributable to products that are taxable and products that are nontaxable, the portion of the price attributable to the nontaxable product is subject to tax unless the provider can identify, by reasonable and verifiable standards, the portion of the products that are nontaxable from its books and records that are kept in the regular course of business for other purposes, including nontax purposes; or

(b) If the price is attributable to products that are subject to tax at different rates, the total price shall be treated as attributable to the products subject to tax at the highest rate unless the provider can identify, by reasonable and verifiable standards, the portion of the price attributable to the products subject to tax at the lower rate from its books and records that are kept in the regular course of business for other purposes, including nontax purposes.

(2) The following rules shall apply to all bundled transactions except as provided in subsection (1) of this section:

(a) If the price is attributable to products where taxable and exempt tangible personal property have been bundled together and sold by the retailer as a bundled transaction, the entire charge is subject to tax; or

(b) If the price is attributable to products where taxable products and exempt services have been bundled together and sold by the retailer as a bundled transaction, the entire charge is subject to tax.

(3) (a) For purposes of this section, "bundled transaction" means the retail sale of two (2) or more products, except real property and services to real property, where:

1. The products are otherwise distinct and identifiable; and

Examples include grocery sacks, shoe boxes, dry cleaning garment bags and express delivery envelopes and boxes;

2. A product provided free of charge with the required purchase of another product. A product is provided free of charge if the sales price of the product purchased does not vary depending on the inclusion of the product provided free of charge; or

3. Items included in the definition of sales price pursuant to KRS 139.050.

(c) One (1) nonitemized price does not include a price that is separately identified by product on binding sales or other supporting sales-related documentation made available to the customer in paper or electronic form, including but not limited to an invoice, bill of sale, receipt, contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or price list.

(4) A bundled transaction does not include:

(a) The retail sale of any products in which the sales price varies, or is negotiable, based on the selection by the purchaser of the products included in the transaction;

(b) The retail sale of tangible personal property and a service where the tangible personal property is essential to the use of the service, and is provided exclusively in connection with the service, and the true object of the transaction is the service;

(d) A transaction that includes taxable products and nontaxable products if the purchase price or sales price of the taxable products is de minimis. For purposes of this section, "de minimis" means the seller's purchase price or the sales price of the taxable products is ten percent (10%) or less of the total purchase price or sales price of the bundled products. Sellers shall use either the purchase price or the sales price of the products to determine if the taxable products are de minimis. Sellers shall not use a combination of the purchase price and the sales price of the products to determine if the taxable products are de minimis. Sellers shall use the full term of a service contract to determine if the taxable products are de minimis; or

2. The seller's purchase price or sales price of the taxable tangible personal property is fifty percent (50%) or less of the total purchase price or sales price of the bundled tangible personal property. Sellers shall not use a combination of the purchase price and the sales price of the tangible personal property when making the fifty percent (50%) determination for a transaction.

Section 7. KRS 139.270 is amended to read as follows:

(1) The resale certificate or certificate of exemption relieves the retailer or seller from the burden of proof only if taken in good faith from a person who, at the time of purchasing the tangible personal property:

(a) Indicates an intention to sell it in the regular course of business by executing the resale certificate; or

(b) Indicates that the property purchased will be used in an exempt manner by executing a certificate of exemption.

(2) This relief from liability ***provided to the retailer or the seller in subsection (1) of this section*** does not apply to a retailer or seller who***:***

(a) Fraudulently fails to collect the tax***;***[~~ or~~]

(b) Solicits purchasers to participate in the unlawful claiming of an exemption***; or***

(c) Accepts an exemption certificate when the purchaser claims an entity-based exemption when:

1. The product sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the retailer or seller; and

2. The state in which that location resides provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in that state.

For purposes of this paragraph, "entity-based exemption" means an exemption based on who purchases the product or who sells the product. An exemption available to all individuals shall not be considered an entity-based exemption.

(3)[~~(2)~~] ***(a)*** "Good faith" shall be demonstrated by the retailer or seller if the retailer or seller:

(4)[~~(3)~~] If the department later finds that the retailer or seller exercised good faith according to the provisions of subsection (2) of this section but that the purchaser used the property in a manner that would not have qualified for resale status or the purchaser issued a certificate of exemption and used the property in some other manner or for some other purpose, the department shall hold the purchaser liable for the remittance of the tax and may apply penalties provided in KRS 139.990.

Section 8. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to fifty cents ($0.50) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the department. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities, or special districts as defined in KRS 65.005. If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;

(c) The exemption shall not apply if charges for sewer service, water, and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and

(d) The exemption shall apply also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years;

Section 22. KRS 139.785 is amended to read as follows:

(1) The department is authorized and directed to enter into the ***SSUTA*** agreement with one (1) or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce. Section 23. KRS 139.787 is amended to read as follows:

No provision of the ***SSUTA*** agreement authorized by KRS 139.780 to 139.795 in whole or in part invalidates or amends any provision of the law of this state. Implementation of any condition of the ***SSUTA*** agreement in this state, whether adopted before, during, or after membership of this state in the ***SSUTA*** agreement, shall be by action of this state.

Section 24. KRS 139.789 is amended to read as follows:

The department shall not enter into the ***SSUTA*** agreement unless the ***SSUTA*** agreement requires each state to abide by the following requirements:

(1) The ***SSUTA*** agreement shall set restrictions to achieve more uniform state rates through the following:

(4) The ***SSUTA*** agreement shall provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states.

(5) The ***SSUTA*** agreement shall provide that registration with the central registration system and the collection of sales and use taxes in the signatory state will not be used as a factor in determining whether the seller has nexus with a state for any tax.

(6) The ***SSUTA*** agreement shall provide for a reduction of the burdens of complying with local sales and use taxes through the following:
   (a) Restricting variances between the state and local tax bases;
   (b) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions;
   (c) Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes; and
   (d) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions.

(7) The ***SSUTA*** agreement shall outline any monetary allowances that are to be provided by the states to sellers or certified service providers.

Section 26. KRS 139.793 is amended to read as follows:

(1) The ***SSUTA*** agreement authorized by KRS 139.780 to 139.795 binds and inures only to the benefit of this state and the other member states. No person, other than a member state, is an intended beneficiary of the ***SSUTA*** agreement. Any benefit to a person other than a state is established by the law of the state and the other member states and not by the terms of ***the SSUTA***[~~this~~] agreement.

(2) Consistent with subsection (1) of this section, no person shall have any cause of action or defense under the ***SSUTA*** agreement or by virtue of this state's approval of the ***SSUTA*** agreement. No person may challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of this state, or any political subdivision of this state on the ground that the action or inaction is inconsistent with the ***SSUTA*** agreement.

Section 27. KRS 139.794 is amended to read as follows:

(1) According to the provisions of the ***SSUTA*** agreement, a seller who registers under the terms of the ***SSUTA*** agreement to pay or to collect and remit applicable sales and use tax on sales made in Kentucky shall be exempt from assessment for uncollected or unpaid sales or use tax together with penalty and interest for sales made during the period the seller was not registered in Kentucky if:

 (a) The seller was not registered in Kentucky in the twelve (12) month period preceding the effective date of Kentucky's participation in the ***SSUTA*** agreement; and

 (b) The seller registers in Kentucky within twelve (12) months of the effective date of Kentucky's participation in the ***SSUTA*** agreement.

(2) The exemption is not available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved, including any related administrative and judicial processes.

(3) The exemption is not available for sales or use taxes already paid or remitted to the state or to taxes collected by the seller.

(4) The exemption is fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, if the seller remains registered and continues payment or collection and remittance of applicable sales or use taxes for a period of at least thirty-six (36) months. During this thirty-six (36) month period, the statute of limitations shall be suspended for the seller remaining in compliance with registration and payment requirements. Failure to meet these terms will result in a revocation of the exemption.

(5) This exemption shall apply to sales or use taxes due from a seller in its capacity as a seller and shall not apply to sales and use taxes due from a seller in its capacity as a buyer.

(15) An operator's license pursuant to this section shall be designated a Class D license.

(16) A person shall not have more than one (1) license.

(17) Upon marriage, a woman applying for an operator's license or a color photo personal identification card shall provide the circuit clerk with her marriage license and complete an affidavit form provided by the circuit court clerk. She shall have the following choices in regard to her full legal name as required in subsections (2) and (7) of this section:

Section 2. KRS 36.450 is amended to read as follows:

(1) *Except as provided for in subsection (5) of this section,* notwithstanding any other provision of law, a license, permit, or certification held by a member of the United States Armed Forces, including a member of the Kentucky National Guard or Reserve on federal active duty, that expires while that member is deployed overseas shall be extended until ninety (90) days after the end of the deployment.

(2) The hiring, licensing, permitting, or certifying authority shall renew a license, permit, or certification extended under subsection (1) of this section until the next date that the license, permit, or certification expires or for the period that the license, permit, or certification is normally issued, at no cost to the member, if that member:

(a) Requests renewal of the license, permit, or certification within ninety (90) days after the end of overseas deployment;

(b) Provides the hiring, licensing, permitting, or certifying authority with a copy of the member's official orders ending the overseas deployment; and

(c) Meets all the requirements necessary for the renewal of the license, permit, or certification, except that the member need not meet the requirements, if any, that relate to continuing education or training.

(3) (a) The possession by a member specified in subsection (1) of this section of a license, permit, or certification, together with orders for overseas deployment, shall constitute a de facto extension of the license, permit, or certification until its expiration pursuant to subsection (1) of this section or until the license, permit, or certificate is renewed by the hiring, licensing, permitting, or certifying authority, whichever occurs later.

(b) The possession of a license, permit, or certification, together with orders for overseas deployment, shall constitute, during the period specified in paragraph (a) of this subsection, a defense to any charge for possession of an expired license, permit, or certification by the member specified in subsection (1) of this section.

(4) In order to avoid confusion regarding the status of a license, permit, or certification, a service member specified in subsection (1) of this section may provide the hiring, licensing, permitting, or certifying authority a copy of the service member's overseas deployment orders. Upon receipt of the service member's overseas deployment orders, the receiving agency shall indicate the license as extended as provided in this section in the agency's records. Failure of a service member to provide overseas deployment information to the hiring, licensing, permitting, or certifying authority shall have no effect on the automatic extension of the license, permit, or certification or its renewal as provided in this section. No hiring, licensing, permitting, or certifying agency shall take any adverse action with regard to the renewal of the license, permit, or certification of a service member who has been the subject of an overseas deployment and who has not notified the agency of the overseas deployment.

(1) As used in this section, unless the context requires otherwise:

(a) "Covered member" means a member of:

1. The Armed Forces of the United States who is on active duty under a call or order that does not specify a period of thirty (30) days or less; or

3. An individual for whom the member provided more than one-half (1/2) of the individual's support for one hundred eighty (180) days immediately preceding a deferred deposit transaction covered by this section; and

(c) "Annual percentage rate" has the same meaning as in Section 107 of the Truth in Lending Act, 15 U.S.C. sec. 1606, as implemented by regulations of the Board of Governors of the Federal Reserve System. For purposes of

this section, "annual percentage rate" includes all fees and charges imposed by a licensee for a deferred deposit transaction under this subtitle.

(2) A licensee shall not charge a service fee to a covered member of the armed forces or a dependent of a covered member which will yield a sum greater than an annual percentage rate of thirty-six percent (36%).

Section 2. KRS 286.9-100 is amended to read as follows:

(1) Each licensee shall keep and use in its business any books, accounts, and records the office may require to carry into effect the provisions of KRS 286.9-010 to 286.9-120 and the administrative regulations issued under those sections. Every licensee shall preserve the books, accounts, and records for at least two (2) years.

(2) Any fee charged by a licensee for cashing a check shall be disclosed in writing to the bearer of the check prior to cashing the check, and the fee shall be deemed a service fee and not interest. A licensee shall not charge a service fee in excess of fifteen dollars ($15) per one hundred dollars ($100) on the face amount of the deferred deposit check***, except as provided in Section 1 of this Act***. A licensee shall prorate any fee, based upon the maximum fee of ***allowed under this subtitle***[~~fifteen dollars ($15)~~]. This service fee shall be for a period of fourteen (14) days.

(3) Before a licensee shall deposit with any bank or other depository institution a check cashed by the licensee, the check shall be endorsed with the actual name under which the licensee is doing business.

(4) No licensee shall cash a check payable to a payee other than a natural person unless the licensee has previously obtained appropriate documentation from the board of directors or similar governing body of the payee clearly indicating the authority of the natural person or persons cashing the check, draft, or money order on behalf of the payee.

(5) No licensee shall indicate through advertising, signs, billhead, or otherwise that checks may be cashed without identification of the bearer of the check; and any person seeking to cash a check shall be required to submit reasonable identification as prescribed by the office. The provisions of this subsection shall not prohibit a licensee from cashing a check simultaneously with the verification and establishment of the identity of the presenter by means other than the presentation of identification.

(6) Within five (5) business days after being advised by the payor financial institution that a check, draft, or money order has been altered, forged, stolen, obtained through fraudulent or illegal means, negotiated without proper legal authority, or represents the proceeds of illegal activity, the licensee shall notify the office and the Commonwealth's attorney for the judicial circuit in which the check was received. If a check, draft, or money order is returned to the licensee by the payor financial institution for any of these reasons, the licensee shall not release the check, draft, or money order without the consent of the Commonwealth's attorney or other investigating law enforcement authority.

(7) No licensee shall alter or delete the date on any check accepted by the licensee.

(8) No licensee shall engage in unfair or deceptive acts, practices, or advertising in the conduct of the licensed business.

(9) No licensee shall require a customer to provide security for the transaction or require the customer to provide a guaranty from another person.

(10) A licensee shall not have more than one (1) deferred deposit transaction from any one (1) customer at any one time, with a face value greater than five hundred dollars ($500).

(11) Each licensee shall inquire of any person seeking to present a deferred deposit transaction, whether the person has any outstanding deferred deposit transactions from any licensees. If the customer represents in writing that the customer has no more than one (1) deferred deposit transaction outstanding to any licensee and that the face value of the outstanding deferred deposit transaction issued by the customer does not equal or exceed five hundred dollars ($500), a licensee may accept a deferred deposit transaction in an amount that, when combined with the customer's other outstanding deferred deposit transaction, does not exceed five hundred dollars ($500). If the customer represents in writing that the customer has more than one (1) deferred deposit transaction outstanding to any licensee or if the face value of the deferred deposit transaction issued by the customer equals or exceeds five hundred dollars ($500), a licensee shall not accept another deferred deposit transaction from that customer until the customer represents to the licensee in writing that the customer qualifies to issue a new deferred deposit transaction under the requirements set forth in this section.

(12) A licensee shall not use any device or agreement, including agreements with affiliated licensees, with the intent to obtain greater charges than are authorized in this section.

(13) No licensee shall agree to hold a deferred deposit transaction for more than sixty (60) days.

(14) Each deferred deposit transaction shall be made according to a written agreement that shall be dated and signed by the customer and the licensee or an authorized agent of the licensee, and made available to the office upon request. The customer shall receive a copy of this agreement.

(15) A licensee or its affiliate shall not for a fee renew, roll over, or otherwise consolidate a deferred deposit transaction for a customer.

(16) No individual who enters into a deferred deposit transaction with a licensee shall be convicted under the provisions of KRS 514.040.

(17) No licensee who enters into a deferred deposit transaction with an individual shall prosecute or threaten to prosecute an individual under the provisions of KRS 514.040.

HB 280, AN ACT relating to military burials.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 213.076 is amended to read as follows:

(1) ***(a)*** A certificate of death or a provisional certificate of death for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the certificate of death. The funeral director, or person acting as such, shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant.

(b) At the time of obtaining the required personal and statistical particulars from the informant referred to in paragraph (a) of this subsection, the funeral director, or person acting as such, shall ask the informant if the deceased ever served in the military. If the informant answers in the affirmative, then the funeral director, or person acting as such, shall provide the informant with a fact sheet, stating military burial rights, supplied by the Kentucky Department of Veterans' Affairs.

(c) The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.

(d)[~~(a)~~]It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a provisional certificate of death. If death occurs outside an institution, the provisional certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the provisional certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.

(e)[~~(b)~~]All persons having in their possession a completed provisional certificate of death shall file the certificate at not more than weekly intervals with the local registrar.

(f)[~~(c)~~] If the place of death is unknown but the dead body is found in the Commonwealth, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.

(g)[~~(d)~~] If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space, and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the certificate shall show the actual place of death insofar as can be determined.

(2) If any certificate of death is incomplete or unsatisfactory, the state registrar shall call attention to the defects in the certificate and require the person responsible for the entry to complete or correct it. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.

(3) The medical certification shall be completed, signed, and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases, and if the cause of death is unknown or under investigation, the cause of death shall be shown as such on the certificate. A supplemental report providing the medical information omitted from the original certificate shall be filed by the certifier with the state registrar within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. The supplemental report shall be made a part of the existing death certificate. This report shall be considered an amendment, and the death certificate shall be marked "Amended." In the absence of the physician, dentist, or chiropractor, or with such person's approval, the certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and

death is due to natural causes.

(4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.

(5) (a) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Vital Statistics Branch. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.

(b) In the case of a death in which diabetes was an underlying cause or contributing condition, diabetes shall be listed in the appropriate location on the death certificate by the physician, dentist, chiropractor, or coroner who certifies to the cause of death.

(c) In the case of a death in which diabetes was an immediate, underlying, or contributing cause of or condition leading to death, the physician, dentist, chiropractor, or coroner who certifies to the cause of death shall check "yes" for each of the following questions on the death certificate:

1. "Did the deceased have diabetes?"; and

2. "Was diabetes an immediate, underlying, or contributing cause of or condition leading to death?".

(6) The Vital Statistics Branch shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.

(7) Three (3) free verification-of-death statements shall be provided to the funeral director by the Vital Statistics Branch for every death in the Commonwealth of Kentucky.

(8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of, or removed from or into any registration district, until a provisional certificate of death has been filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health and Family Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health and Family Services and the local health department. The Cabinet for Health and Family Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health and Family Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).

(9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.

(10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a provisional certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory certificate of death.

(11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the provisional certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the provisional certificate over his signature, the date, place, and manner of final disposition and file the certificate within five (5) days with the local registrar.

(12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of

knowledge.

(13) After a death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

The Committee on Judiciary reported **HB 7,** with Committee Substitute attached thereto, **HB 82,** with Committee Substitute attached thereto, **HB 125, HB 175,** with Committee Substitute attached thereto, and **HB 214,** with Committee Substitute and Committee Amendment attached thereto, with the expression of opinion that the same should pass. Section 12. KRS 15.520 is amended to read as follows:

(1) In order to establish a minimum system of professional conduct of the police officers of local units of government of this Commonwealth, the following standards of conduct are stated as the intention of the General Assembly to deal fairly and set administrative due process rights for police officers of the local unit of government and at the same time providing a means for redress by the citizens of the Commonwealth for wrongs allegedly done to them by police officers covered by this section:

(a) Any complaint taken from any individual alleging misconduct on the part of any police officer, as defined herein, shall be taken as follows:

1. If the complaint alleges criminal activity on behalf of a police officer, the allegations may be investigated without a signed, sworn complaint of the individual;

2. If the complaint alleges abuse of official authority or a violation of rules and regulations of the department, an affidavit, signed and sworn to by the complainant, shall be obtained;

3. If a complaint is required to be obtained and the individual, upon request, refuses to make allegations under oath in the form of an affidavit, signed and sworn to, the department may investigate the allegations, but shall bring charges against the police officer only if the department can independently substantiate the allegations absent the sworn statement of the complainant;

4. Nothing in this section shall preclude a department from investigating and charging an officer both criminally and administratively.

(b) No threats, promises, or coercions shall be used at any time against any police officer while he or she is a suspect in a criminal or departmental matter. Suspension from duty with or without pay, or reassignment to other than an officer's regular duties during the period shall not be deemed coercion. Prior to or within twenty-four (24) hours after suspending the officer pending investigation or disposition of a complaint, the officer shall be advised in writing of the reasons for the suspension;

(c) No police officer shall be subjected to interrogation in a departmental matter involving alleged misconduct on his or her part, until forty-eight (48) hours have expired from the time the request for interrogation is made to the accused officer, in writing. The interrogation shall be conducted while the officer is on duty. The police officer may be required to submit a written report of the alleged incident if the request is made by the department no later than the end of the subject officer's next tour of duty after the tour of duty during which the department initially was made aware of the charges;

(d) If a police officer is under arrest, or likely to be arrested, or a suspect in any criminal investigation, he shall be afforded the same constitutional due process rights that are accorded to any civilian, including, but not limited to, the right to remain silent and the right to counsel, and shall be notified of those rights before any questioning commences. Nothing in this section shall prevent the suspension with or without pay or reassignment of the police officer pending disposition of the charges;

(e) Any charge involving violation of any local unit of government rule or regulation shall be made in writing with sufficient specificity so as to fully inform the police officer of the nature and circumstances of the alleged violation in order that he may be able to properly defend himself. The charge shall be served on the police officer in writing;

(f) When a police officer has been charged with a violation of departmental rules or regulations, no public statements shall be made concerning the alleged violation by any person or persons of the local unit of government or the police officer so charged, until final disposition of the charges;

(g) No police officer as a condition of continued employment by the local unit of government shall be compelled to speak or testify or be questioned by any person or body of a nongovernmental nature; and

(h) When a hearing is to be conducted by any appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes, the following administrative due process rights shall be recognized and these shall be the minimum rights afforded any police officer charged:

1. The accused police officer shall have been given at least seventy-two (72) hours notice of any hearing;
2. Copies of any sworn statements or affidavits to be considered by the hearing authority and any exculpatory statements or affidavits shall be furnished to the police officer no less than seventy-two (72) hours prior to the time of any hearing;
3. If any hearing is based upon a complaint of an individual, the individual shall be notified to appear at the time and place of the hearing by certified mail, return receipt requested;
4. If the return receipt has been returned unsigned, or the individual does not appear, except where due to circumstances beyond his control he cannot appear, at the time and place of the hearing, any charge made by that individual shall not be considered by the hearing authority and shall be dismissed with prejudice;
5. The accused police officer shall have the right and opportunity to obtain and have counsel present, and to be represented by the counsel;
6. The appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes shall subpoena and require the attendance of witnesses and the production by them of books, papers, records, and other documentary evidence at the request of the accused police officer or the charging party. If any person fails or refuses to appear under the subpoena, or to testify, or to attend, or produce the books, papers, records, or other documentary evidence lawfully required, the appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes may report to the Circuit Court or any judge thereof the failure or refusal, and apply for a rule. The Circuit Court, or any judge thereof, may on the application compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the court;
7. The accused police officer shall be allowed to have presented, witnesses and any documentary evidence the police officer wishes to provide to the hearing authority, and may cross-examine all witnesses called by the charging party;
8. Any police officer suspended with or without pay who is not given a hearing as provided by this section within sixty (60) days of any charge being filed, the charge then shall be dismissed with prejudice and not be considered by any hearing authority and the officer shall be reinstated with full back pay and benefits; and
9. The failure to provide any of the rights or to follow the provisions of this section may be raised by the officer with the hearing authority. The hearing authority shall not exclude proffered evidence based on failure to follow the requirements of this section but shall consider whether, because of the failure, the proffered evidence lacks weight or credibility and whether the officer has been materially prejudiced.

(2) Any police officer who shall be found guilty by any hearing authority of any charge, may bring an action in the Circuit Court in the county in which the local unit of government may be located to contest the action of that hearing authority, and the action shall be tried as an original action by the court.

(3) The judgment of the Circuit Court shall be subject to appeal to the Court of Appeals. The procedure as to appeal to the Court of Appeals shall be the same as in any civil action. As the provisions of this section relate to a minimum system of professional conduct, nothing herein shall be construed as limiting or in any way affecting any rights previously afforded to police officers of the Commonwealth by statute, ordinance, or working agreement.

(4) The provisions of this section shall apply only to police officers of ***city, county, or urban-county***[~~local~~] units of government who receive funds pursuant to KRS 15.410 through 15.992 ***and shall not supersede the provisions of KRS 16.140, 161.150, and 16.160, relating to officers of the Kentucky State Police, or KRS 281.772, relating to Kentucky Vehicle Enforcement officers, or any administrative regulations promulgated thereunder***.

(2) ***All moneys remaining in this restricted fund on July 1, 2007, including earnings from their investment, shall not lapse to the general fund at the end of any fiscal year but shall be carried forward into the following fiscal year. HR 73, A RESOLUTION requesting an evaluation of the Telecheck deer harvest check-in program and specifications for legal handguns used when taking deer.

WHEREAS, In recent years the Department of Fish and Wildlife Resources has moved from a physical check-point location for deer harvest recording to a so-called automated telephone reporting system, "Telecheck"; and

WHEREAS, this system is wholly dependent upon the accuracy and truthfulness of the individual hunter harvest log, which remains in the hunter's possession, and the telephone report based on that log; and

WHEREAS, there have been allegations that, in some cases, this system has been abused and hunters' actual harvests differ from what is reported; and

WHEREAS, this automated reporting system has not been evaluated or otherwise reviewed to determine its efficacy in reporting accurately what is occurring in the field; and

WHEREAS, present law and administrative regulations permit the use of any handgun firing center fire ammunition to harvest deer, including .25 caliber short barrel pistols; and

WHEREAS, many if not most handguns are inadequate to humanely harvest deer; and

WHEREAS, many states have statutes and regulations specifying minimum muzzle energy and barrel length for handguns used for taking deer and large game, and caliber and cartridge size and type for handgun ammunition used for taking deer and large game;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives does hereby urge and formally request that the commissioner of the Department of Fish and Wildlife Resources investigate and evaluate the efficacy and accuracy of the Telecheck reporting system and promulgate administrative regulations establishing minimum handgun requirements for taking deer and other large game in the Commonwealth.

Section 2. The House of Representatives requests that the results of the investigation and evaluation and the handgun specifications identified in Section 1 be provided in report form to the Interim Joint Committee for Agriculture and Natural Resources by November 30, 2007.

Section 3. The House of Representatives requests that the report contain information relating to deer harvest statistics and reporting, number and frequency of confirmed or unconfirmed incidents or allegations of false reporting, incidents of poaching and out of season deer kills, a detailed description of how the Telecheck and hunter harvest log system works, and any methods used or contemplated for verifying the efficacy and accuracy of Telecheck and hunter harvest logs, and minimum standards for handguns and ammunition use for legally taking deer and large game.

Section 4. The Clerk of the House is hereby directed to transmit a copy of this Resolution to the Secretary of the Commerce Cabinet and the Commissioner of the Department of Fish and Wildlife Resources.

The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

A retired employee of the United States Forest Service, this esteemed honoree recognized the vast economic potential and positive environmental impact that healthy woodland and forests factor into creating jobs; sustaining wildlife habitat; and promoting hunting, recreation and tourism activities within the Commonwealth and, as a result, played an instrumental role in creating this outstanding non-profit membership organization, which partners with the University of Kentucky, the Kentucky Division of Forestry, the Kentucky Forest Industries Association and Kentucky Farm Bureau to provide field training, monitor legislation and provide information regarding both opportunities for and threats to private woodlands. Inasmuch as Don Girton has faithfully and diligently labored to preserve, protect and promote the valuable natural resources of this Commonwealth and has earned the much-deserved admiration and respect of his peers and the myriad of citizens who have benefited from his most capable service, the members of this august body are delighted to join with Representative Rick Nelson in applauding him for his visionary and diligent efforts throughout the years and in extending to him sincere expressions of deepest appreciation for the stewardship he has rendered on behalf of the land of this great Commonwealth. Representative Pullin moved the adoption of the following **Legislative Citation No. 34.**

The House of Representatives of the Commonwealth of Kentucky hereby recognizes and honors The School of Human Environmental Sciences at the University of Kentucky upon preparing to celebrate its 100th Anniversary on March 3, 2007. Interwoven in the fabric of its origin and progression is the history of women's struggle for educational opportunity and validation of their worth in the culture. This upcoming celebration marks the great, if circuitous, strides this vital educational program of study, which began in 1906 when the forty women who became the University's first domestic science students attended classes in the basement of the women's dormitory, has made throughout the past one hundred years. In 1908 the School of Domestic Science had become a department within the College of Arts and Sciences, adding home nursing to its curriculum, and by 1910, had moved to the College of Agriculture. Mary E. Sweeney, one of UK's first home economics graduates was named head of the Department of Home Economics in 1913, the same year Helen B. Wolcott accepted her appointment as the first state extension agent to organize home economic extension throughout the state. In 1916, the Department became an independent unit, and in 1917, was again returned to the College of Agriculture. During the 1940s, and housed in its own building, the Department established a master's degree program in home economics and the College's name was changed to the College of Agriculture and Home Economics, followed in 1953 with the Department becoming the School of Home Economics, directed by Dr. Statie Erikson. In retrospect, this tenaciously rooted course of study with its branches that were identified with first one College, School, or Department, and then another, had at its heart, outstanding leadership that fostered the development of phenomenal students into a wealth of highly-trained professionals whose contributions have added richly to this Commonwealth and Nation. Inasmuch as the School of Human Environmental Science, College of Agriculture, University of Kentucky, led now by acting dean, Scott Smith, and director, Ann Vail, has aspired to advance the diverse community it serves, the members of this august body are honored to join Representative Tanya Pullin in issuing a warm welcome to the delegation present today in the Gallery of the House of Representatives during the 2007 Regular Session of the Kentucky General Assembly and in extending best wishes for the utmost success as they continue to prepare stellar professionals for the Commonwealth and beyond. Done in Frankfort, Kentucky, this fifteenth day of February, in the year two thousand and seven.

HB 152, AN ACT relating to trauma care, and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds that:

(1) Trauma is a severe health problem in this state and a major cause of death and long-term disability;

(2) Trauma care is an essential public service;

(3) Trauma care is significantly limited in many parts of Kentucky, particularly in rural areas where there is a growing danger that some communities may not have adequate emergency care;

(4) It is essential for persons in need of trauma care to receive that care within sixty (60) minutes immediately following injury, referred to as the "golden hour," for that is when the potential for survival is the greatest, and the need for treatment for shock or injury is most critical;

(5) Kentucky's emergency preparedness efforts require the establishment of an efficient statewide trauma care system that can be mobilized to save the lives of trauma patients who are victims of terrorism or natural disasters;

(6) Trauma centers save lives and save money because access to trauma care can mean the difference between full recovery and serious disability that requires expensive long-term care and results in a loss of economic productivity;

(7) It is in the best interests of the citizens of Kentucky to establish an efficient and well-coordinated statewide trauma system to reduce costs of medical care and the greater economic impact of lost wages and productivity, and to reduce the incidence of inappropriate and inadequate trauma care and emergency medical services; and

(8) Existing trauma centers are facing an increasing number of uninsured patients, declining reimbursement, and rising malpractice insurance premiums that threaten continued community access to trauma care; therefore, financial assistance is needed to support existing trauma centers and establish new trauma centers.

SECTION 2. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

For the purposes of Section 1 to 4 of this Act:

(c) To minimize the economic impact of lost wages and productivity for trauma patients; and

(d) To contain costs of trauma care.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 205.560 is amended to read as follows:

(1) The scope of medical care for which the Cabinet for Health and Family Services undertakes to pay shall be designated and limited by regulations promulgated by the cabinet, pursuant to the provisions in this section. (2) Payments for hospital care, nursing-home care, and drugs or other medical, ophthalmic, podiatric, and dental supplies shall be on bases which relate the amount of the payment to the cost of providing the services or supplies. It shall be one (1) of the functions of the council to make recommendations to the Cabinet for Health and Family Services with respect to the bases for payment. In determining the rates of reimbursement for long-term-care facilities participating in the Medical Assistance Program, the Cabinet for Health and Family Services shall, to the extent permitted by federal law, not allow the following items to be considered as a cost to the facility for purposes of reimbursement:

(a) Motor vehicles that are not owned by the facility, including motor vehicles that are registered or owned by the facility but used primarily by the owner or family members thereof;

(b) The cost of motor vehicles, including vans or trucks, used for facility business shall be allowed up to fifteen thousand dollars ($15,000) per facility, adjusted annually for inflation according to the increase in the consumer price index-u for the most recent twelve (12) month period, as determined by the United States Department of Labor. Medically equipped motor vehicles, vans, or trucks shall be exempt from the fifteen thousand dollar ($15,000) limitation. Costs exceeding this limit shall not be reimbursable and shall be borne by the facility. Costs for additional motor vehicles, not to exceed a total of three (3) per facility, may be approved by the Cabinet for Health and Family Services if the facility demonstrates that each additional vehicle is necessary for the operation of the facility as required by regulations of the cabinet;

(c) Salaries paid to immediate family members of the owner or administrator, or both, of a facility, to the extent that services are not actually performed and are not a necessary function as required by regulation of the cabinet for the operation of the facility. The facility shall keep a record of all work actually performed by family members;

(d) The cost of contracts, loans, or other payments made by the facility to owners, administrators, or both, unless the payments are for services which would otherwise be necessary to the operation of the facility and the services are required by regulations of the Cabinet for Health and Family Services. Any other payments shall be deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health and Family Services. Interest paid to the facility for loans made to a third party may be used to offset allowable interest claimed by the facility;

(e) Private club memberships for owners or administrators, travel expenses for trips outside the state for owners or administrators, and other indirect payments made to the owner, unless the payments are deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health and Family Services; and

(f) Payments made to related organizations supplying the facility with goods or services shall be limited to the actual cost of the goods or services to the related organization, unless it can be demonstrated that no relationship between the facility and the supplier exists. A relationship shall be considered to exist when an individual, including brothers, sisters, father, mother, aunts, uncles, and in-laws, possesses a total of five percent (5%) or more of ownership equity in the facility and the supplying business. An exception to the relationship shall exist if fifty-one percent (51%) or more of the supplier's business activity of the type carried on with the facility is transacted with persons and organizations other than the facility and its related organizations.

(3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.

(4) The rules and regulations of the Cabinet for Health and Family Services shall require that a written statement, including the required opinion of a physician, shall accompany any claim for reimbursement for induced premature births. This statement shall indicate the procedures used in providing the medical services.

(5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. It shall not be necessary that the amount of payments for units of services be uniform for the entire state but amounts may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in each locale and other local economic and geographic conditions, except that insofar as allowed by applicable federal law and regulation, the maximum amounts reimbursable for similar services rendered by physicians within the same specialty of medical practice shall not vary according to the physician's place of residence or place of practice, as long as the place of practice is within the boundaries of the state.

(6) Nothing in this section shall be deemed to deprive a woman of all appropriate medical care necessary to prevent her physical death.

(7) To the extent permitted by federal law, no medical assistance recipient shall be recertified as qualifying for a level of long-term care below the recipient's current level, unless the recertification includes a physical examination conducted by a physician licensed pursuant to KRS Chapter 311 or by an advanced registered nurse practitioner licensed pursuant to KRS Chapter 314 and acting under the physician's supervision.

(8) If payments made to community mental health centers, established pursuant to KRS Chapter 210, for services provided to the mentally retarded exceed the actual cost of providing the service, the balance of the payments shall be used solely for the provision of other services to the mentally retarded through community mental health centers.

(9) No long-term-care facility, as defined in KRS 216.510, providing inpatient care to recipients of medical assistance under Title XIX of the Social Security Act on July 15, 1986, shall deny admission of a person to a bed certified for reimbursement under the provisions of the Medical Assistance Program solely on the basis of the person's paying status as a Medicaid recipient. No person shall be removed or discharged from any facility solely because they became eligible for participation in the Medical Assistance Program, unless the facility can demonstrate the resident or the resident's responsible party was fully notified in writing that the resident was being admitted to a bed not certified for Medicaid reimbursement. No facility may decertify a bed occupied by a Medicaid recipient or may decertify a bed that is occupied by a resident who has made application for medical assistance.

(10) Family-practice physicians practicing in geographic areas with no more than one (1) primary-care physician per five thousand (5,000) population, as reported by the United States Department of Health and Human Services, shall be reimbursed one hundred twenty-five percent (125%) of the standard reimbursement rate for physician services.

(11) The Cabinet for Health and Family Services shall make payments under the Medical Assistance program for services which are within the lawful scope of practice of a chiropractor licensed pursuant to KRS Chapter 312, to the extent the Medical Assistance Program pays for the same services provided by a physician.

(12) The Medical Assistance Program shall use the form and guidelines established pursuant to KRS 304.17A-545(5) for assessing the credentials of those applying for participation in the Medical Assistance Program, including those licensed and regulated under KRS Chapters 311, 312, 313, 314, 315, and 320, any facility required to be licensed pursuant to KRS Chapter 216B, and any other health care practitioner or facility as determined by the Department for Medicaid Services through an administrative regulation promulgated under KRS Chapter 13A.

SECTION 1. . A NEW SECTION OF KRS CHAPTER 217 IS CREATED TO READ AS FOLLOWS:

(1) The Governor and the secretary of the Cabinet for Health and Family Services shall coordinate a request to the Secretary of the United States Department of Health and Human Services to certify to Congress that drug importation from licensed foreign pharmacies, distributors, and wholesalers by licensed pharmacies, distributors, and wholesalers poses no additional risk to the public's health and safety and would result in a significant reduction in the cost of prescription drugs.

(2) The Governor and the secretary of the Cabinet for Health and Family Services shall coordinate a request to the Secretary of the United States Department of Health and Human Services to promulgate administrative regulations permitting licensed pharmacies, distributors, and wholesalers to import drugs from licensed foreign pharmacies, distributors, and wholesalers.

(3) Upon the effective date of federal regulations permitting pharmacies, distributors, and wholesalers to import prescription drugs from licensed foreign pharmacies, distributors, and wholesalers, the secretary of the Cabinet for Health and Family Services shall design a prescription drug program to facilitate the importation of prescription drugs from licensed foreign pharmacies, distributors, and wholesalers by pharmacies, distributors, and wholesalers licensed in Kentucky for resale to Kentucky residents.

(4) The program designed under subsection (3) of this section shall include the following components:

(a) A formulary that lists the drugs that may be safely obtained from licensed foreign pharmacies, distributors, and wholesalers;

1. The list shall be composed of predominantly brand-name drugs that will be used for long-term or maintenance purposes;

2. Only drugs that can be obtained more cost-effectively from outside the United States than from the United States shall be included;

3. The list shall be periodically updated to ensure continued cost savings;

4. Only drugs approved by the United States Food and Drug Administration in dosages approved by that federal agency shall be eligible for inclusion on the list;

(b) Patient safety assurance protections;

1. The cabinet shall implement a monitoring program to evaluate the safety and efficacy of drugs received by pharmacies. This program may be established in coordination with a Kentucky-based college of pharmacy;

2. All drugs received from outside the United States shall be in manufacturer-sealed containers;

3. All wholesalers, distributors, and pharmacies involved in the importation of drugs under the program shall be licensed and regulated by either the United States, including state authorities, or the foreign government, including provincial authorities, or both;

4. All drugs imported shall comply with any federal documentation requirements and with all requirements of the federal Food, Drug, and Cosmetic Act; and

(c) A requirement that prescription drugs imported by pharmacies, distributors, and wholesalers licensed in Kentucky under the program be available for sale to all Kentucky consumers and recipients of all state health insurance programs, including but not limited to the state employee health benefit plan, health department programs, and Medicaid.

(5) The cabinet shall promulgate administrative regulations to establish a formula to determine the estimated acquisition cost for drugs imported under the program created in this section and shall negotiate with pharmacists or pharmacies to ensure that savings are passed on to consumers and state health insurance programs, including but not limited to the state employee health benefit plan, health department programs, and Medicaid. The ingredient price of a drug imported from outside the United States and sold by a pharmacy licensed in Kentucky shall not exceed the lesser of one hundred twenty percent (120%) of the estimated acquisition cost for the drug or the amount reimbursed for the drug under the Medicaid program. Nothing in this subsection shall prohibit the pharmacy from charging a dispensing fee for the drug.

(6) The cabinet shall submit an annual report to the Governor and the Legislative Research Commission regarding the effectiveness and cost saving of this program.

(8) Any person selling a preneed cemetery merchandise contract shall pay to the Attorney General five dollars ($5), for each said contract entered into and all of which fees shall be remitted by the person collecting them to the Attorney General at least once each month, and such funds shall be used by the Attorney General in administering this chapter.

Section 23. KRS 367.958 is amended to read as follows:

(1) Every person before engaging in a sale, contract for sale, reservation for sale or agreement for sale of a mausoleum crypt within a mausoleum, underground crypt within a crypt section, or columbarium niche within a mausoleum prior to the completion of the construction thereof, shall give notice in writing to the Attorney General of the commencement of such sale at least thirty (30) days prior thereto and register with the Attorney General. Such registration shall be on forms provided by the Attorney General.

(2) Every person engaged in the sale of a mausoleum crypt, underground crypt or columbarium niche shall commence construction thereof within twenty-four (24) months of the date of such sale and shall complete such construction within sixty (60) months of the date of such sale. A delay caused by strike, national emergency, shortage of materials, civil disorder, natural disaster or any like occurrence beyond the control of such person shall extend the time of such commencement and completion by the length of such delay. This subsection shall not apply to the sale of mausoleum crypts, underground crypts or columbarium niches if there has been any sale in the same project prior to July 13, 1984. Prior projects shall have commenced construction thereof within thirty-six (36) months of the date of such sale and shall complete construction within seventy-two (72) months of the date of such sale.

(3) Every person who plans to offer for sale space in a section of a mausoleum or bank of underground crypts prior to its construction shall establish a preconstruction trust account. The trust account shall be administered and operated in the same manner as the merchandise trust account provided for in this chapter and shall be exclusive of the merchandise trust account or such other trust accounts or funds that may be required by law.

(4) Every person shall place thirty-six percent (36%), not including interest or finance charges, of all payments of money made to any person pursuant to any agreement, contract or any series or combination of agreements or contracts which are for the purchase of sections in a mausoleum, columbarium, or any kind of underground crypt which at the time of the payment of money have not been completely and totally constructed, in a trust fund account in a financial institution within thirty (30) days after each calendar quarter of operations. Excepted therefrom, however, are persons who have constructed in the

past their own mausoleum using primarily equipment owned by the self-constructing person and their own personnel with a minimum of subcontracting, and in that event there shall be deposited a minimum of twenty percent (20%) of all payments of money, subject, however, to the actual cost. If, from project to project, their actual cost is in excess of twenty percent (20%), the full cost percentage shall be deposited from project to project, not to exceed thirty-six percent (36%). At the time of notification to the Attorney General's office the self-constructing mausoleum person shall also notify the Attorney General that he intends to self-construct and the percentage of contribution of trust that is required.

(5) All trust funds mentioned in this section shall be deposited in the name of the person depositing said funds, with the financial institution as trustee, and shall be held together with the interest, dividends, or accretions thereon, in trust, subject to the provisions of KRS 367.932 to 367.974 and 367.991. The person at the time of making deposit or investment shall furnish to the financial institution the name of each payor, and the amount of payment on each account for which the deposit or investment is being made.

(6) Deposits to such funds and the amounts deposited may be commingled, but the accounting records shall establish a separate account for each prepaid contract and shall show amounts deposited and the income and loss occurring thereon with respect to each contract.

(7) All payments made to the preconstruction trust fund account shall remain in the trust fund with the financial institution until the financial institution receives a certified statement from the depositor stating that the particular project for which the preconstruction trust fund has been established is totally completed. During the construction stage, trust funds may be withdrawn by presenting the trustee with appropriate evidence of expenditure for construction cost. The trustee shall thereupon disburse moneys from the trust fund to pay for the expenses of construction presented for payment.

(8) A trustee may rely upon all certifications and affidavits made pursuant to or required by the provisions of KRS 367.932 to 367.974 and 367.991, and shall not be liable to any person for such reliance.

(9) If a mausoleum section or bank of underground crypts is not completed within the time limits set out in KRS 367.932 to 367.974 and 367.991, the financial institution acting as trustee, if any, may contract for and cause said project to be completed and paid therefor from the trust account funds deposited to the project's account, paying any balance, less cost and expenses, to the depositor. In the event there is no corporate trustee, or the trustee chooses not to serve in the capacity to complete construction, the Attorney General shall appoint a committee to serve as trustees to trust account funds deposited to the project's account, paying any balance, less cost and expenses, to the cemetery company.

(10) If it is determined by the trustee after the expiration of the time of construction set out above that there is not enough money in the trust fund account to complete the project, the trustee shall make a refund of all moneys held to all purchasers, or his heirs or assigns, in the amount of the deposit to the credit of their particular contract and all income those funds have earned. The purchasers shall be entitled to receive any remainder of the purchase price paid from the depositor. However, nothing herein contained shall relieve any person from any liability for nonperformance of the contract terms.

(11) If temporary entombment or inurnment is not used, upon written notification to the seller, the personal representative or any purchaser of such space who dies before completion of construction shall be entitled to a refund of all moneys paid into the preconstruction trust fund for such space, including any income earned thereon, and from the seller, the remainder of the purchase price paid.

(12) In lieu of the trust fund deposits required herein, the person may post with the Attorney General, ***Office***~~[Division]~~ of Consumer Protection, a good and sufficient bond by a surety company licensed to do business in Kentucky and in an amount sufficient to cover all payments made by or on account of purchasers who have not received the purchased property and services. This bond shall be held for the benefit of any purchaser, or his or her heir or assign or duly authorized representative, who suffers a loss of money paid for a preconstructed mausoleum crypt or niche or underground crypt after July 13, 1984, due to the insolvency of the registrant, or failure to construct within the time limits set out herein. If a bond is posted, the Attorney General's office shall receive sixty (60) days' written notice in the event of cancellation. On or before the cancellation date, the person shall comply with the trust fund requirements herein or post another good and sufficient bond.

(13) Any person selling preconstruction mausoleum, columbarium or underground crypt contracts shall pay to the Attorney General five dollars ($5) for each sale of said contract and all of which fees shall be remitted by the person collecting them to the Attorney General at least once each month, and such funds shall be used by the Attorney General in administering this chapter.

(2) In a wrongful death action in which the decedent was a spouse, the surviving spouse may recover for loss of

consortium resulting from the negligence or wrongful conduct of any party that causes or contributed to the death of the spouse.

(3) If the wrongful death action is not brought by the spouse, the spouse may join the action to recover the damages allowed by this section. Damages recovered by a spouse under this section shall be distributed directly to the spouse, and shall not be subject to distribution under KRS 411.130(2).

Section 2. Whereas the provisions of this Act remedy a tragic injustice worked upon the grieving surviving spouses of our fellow Kentuckians and the civil justice system exists to bring justice for the wrongful and irreplaceable loss of loved ones and no just cause exists for delay in implementing the provisions of this Act, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

WHEREAS, the victory capped off what was the finest season for the Wildcats in some time, with an 8-5 final record, the most wins in a season since 1984, a victory over traditional SEC power Georgia, and the school's first bowl victory in over 20 years; and

WHEREAS, the Wildcats were led by junior quarterback Andre Woodson, who completed 20 of 28 pass attempts for 299 yards and three touchdowns and was named the MVP of the game; and

WHEREAS, during the game, Woodson distributed the ball to many of the amazing nine different receivers, including junior standout Keenan Burton, who led the Wildcats with five receptions, and Jacob Tamme, Dicky Lyons, and Demoreo Ford, who each caught a touchdown pass; and

WHEREAS, the sometimes-maligned Wildcat defense rose to the occasion and was a huge key to the Wildcat victory, holding Clemson to less than 200 total yards in the first three quarters of play, forcing four turnovers, and sacking the Clemson quarterback four times; and

WHEREAS, the defense was led by sophomore linebacker Wesley Woodyard, whose team high 12 tackles included one sack and one forced fumble; linemen Jeremy Jarmon and Myron Pryor, who each recorded one sack; and freshman cornerback Trevard Lindley, who intercepted one pass and recovered a fumble; and

WHEREAS, the success of the Wildcat program is directly a result of the efforts of head coach Rich Brooks and an experienced and talented staff of coordinators and position coaches who have led the Wildcats from the depths of probation to these lofty heights, where the future of Wildcat football looks incredibly bright; and

WHEREAS, the accomplishments and efforts of this talented group of young men will forever be remembered in the annals of UK sports history, as the 2006 Kentucky Wildcats are arguably the best football squad the school has produced in the last two decades; and

WHEREAS, the victory capped off what was the finest season in Cardinal gridiron history, with a 12-1 final record, the most wins in a season in school history, a Big East Conference Championship, and the school's first win in a Bowl Championship Series game; and

WHEREAS, the Cardinals were led on the field by junior quarterback Brian Brohm, who completed 24 of 34 pass attempts for 312 yards and was named the MVP of the game, and junior wide receiver Harry Douglas, whose 10 catches tied an Orange Bowl record and 165 receiving yards in the game gave him 1,265 receiving yards for the season, setting a new school record; and

No person whose registration status is as a registered member of a political party shall be eligible to election as an independent candidate, nor shall any person be eligible to election as an independent candidate whose registration status was as a registered member of a political party on January 1 immediately preceding the regular election for which the person seeks to be a candidate. This restriction shall not apply to candidates to those offices specified in KRS 118.105(7), for supervisor of a soil and water conservation district, for candidates for mayor or legislative body in cities of the second to sixth class, or to candidates participating in nonpartisan elections.

(2) The form of the petition shall be prescribed by the State Board of Elections. If any person joins in nominating, by petition, more than one (1) nominee for any office to be filled, he or she shall be counted as a petitioner for the candidate whose petition is filed first, except a petitioner for the nomination of candidates for soil and water conservation district supervisors may be counted for every petition to which his or her signature is affixed.

(c) A candidate for city office who is defeated in a nonpartisan primary[~~election~~] shall be ineligible as a candidate for the same office in the regular election.

Section 7. KRS 83A.170 is amended to read as follows:

(4) The county clerk shall examine the petition of each candidate to determine whether it is regular on its face. If there is an error, the county clerk shall notify the candidate by certified mail within twenty-four (24) hours of filing.

(5) Immediately upon expiration of the time for filing petitions, the county clerk shall have published in accordance with KRS Chapter 424 the names of the applicants as they will appear before the voters at the primary.

(6) Subsection (5) of this section shall not apply if it appears, immediately upon expiration of the time for filing petitions, that there are not more than two (2) applicants for nomination for each city office to be filled, or, when the nominations are for city legislative body members in cities electing legislative body members at large, and there are no more than twice the number of applicants for nomination for the number of offices to be filled. (13) The two (2) applicants receiving the highest number of votes for nomination for each city office shall be nominated; or where the nominations are for city legislative body members in cities electing legislative body members at large, there shall be nominated the number of applicants receiving the highest number of votes equal to twice the number of offices to be filled. If two (2) candidates are tied for the second highest number of votes in a mayoral election, the names of those two (2) candidates, plus the name of the candidate receiving the highest number of votes, shall be placed upon the ballot.

(14) At the regular election following a nonpartisan primary[~~ election~~], the names of the successful nominees and candidates who have filed a petition of candidacy as provided in this chapter to fill a vacancy shall be placed before the voters.

(15) The nominee or candidate receiving the greater number of votes cast for each city office shall be elected.

Section 8. KRS 83A.175 is amended to read as follows:

(1) The election to fill the regular term of a nonpartisan city office shall be conducted in the manner prescribed in KRS 83A.165 when, in a regular election for nonpartisan city office no candidates nominated to an office as provided in KRS 83A.170 are available due to death, incapacity, or withdrawal, or when city legislative body members are to be elected at large and there are fewer nominees than there are offices to be filled, or when a city of the fourth to sixth class has not conducted a primary~~[election]~~ pursuant to KRS 83A.045.

(5) In ***primaries***[~~primary elections~~] at which each party's slates of candidates seeking the nomination of their parties for Governor and Lieutenant Governor are voted on, the Secretary of State, upon receiving the certified results of voting from each county's precincts for those offices, shall determine whether a runoff primary shall be necessary for either or both parties pursuant to KRS 118.245. The county board of elections, or its designee, shall count and tally the paper ballots manually or with the use of tabulating equipment which does not involve an additional voting system. The results of the vote tally shall be certified by the county board of elections to the county clerk and to the Secretary of State. Section 4. KRS 95A.262 is amended to read as follows:

(1) The Commission on Fire Protection Personnel Standards and Education shall, in cooperation with the Cabinet for Health and Family Services, develop and implement a continuing program to inoculate every paid and volunteer firefighter in Kentucky against hepatitis B. The program shall be funded from revenues allocated to the Firefighters Foundation Program fund pursuant to KRS 136.392 and 42.190. Any fire department which has inoculated its personnel during the period of July 1, 1991 to July 14, 1992, shall be reimbursed from these revenues for its costs incurred up to the amount allowed by the Cabinet for Human Resources for hepatitis B inoculations.

(2) Except as provided in subsection ***(4)***[~~(3)~~] of this section, the Commission on Fire Protection Personnel Standards and Education shall allot on an annual basis a share of the funds accruing to and appropriated for volunteer fire department aid to volunteer fire departments in cities of all classes, fire protection districts organized pursuant to KRS Chapter 75, county districts established under authority of KRS 67.083, and volunteer fire departments created as nonprofit corporations pursuant to KRS Chapter 273. The commission shall allot eight thousand dollars ($8,000) annually to each qualifying department, and beginning on July 1, 2001, the commission shall allot eight thousand two hundred fifty dollars ($8,250) annually to each qualifying department. Any qualifying department which fails to participate satisfactorily in the Kentucky fire incident reporting system as described in KRS 304.13-380 shall forfeit annually five hundred dollars ($500) of its allotment. If two (2) or more qualified volunteer fire departments, as defined in KRS 95A.500 to 95A.560, merge after January 1, 2000, then the allotment shall be in accordance with the provisions of KRS 95A.500 to 95A.560. The commission shall recommend to the executive director of the Office of Housing, Buildings and Construction the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A to define satisfactory participation in the Kentucky fire incident reporting system. Administrative regulations for determining qualifications shall be based on the number of both paid firefighters and volunteer firemen within a volunteer fire department, the amount of equipment, housing facilities available, and such other matters or standards as will best effect the purposes of the volunteer fire department aid law. A qualifying department shall include at least twelve (12) firefighters, a chief, and at least one (1) operational fire apparatus or one (1) on order. Fifty percent (50%) of the firefighters shall have completed at least one-half (1/2) of one hundred fifty (150) training hours toward certification within the first six (6) months of the first year of the department's application for certification, and there shall be a plan to complete the one hundred fifty (150) training hours within the second year. These personnel, equipment, and training requirements shall not be made more stringent by the promulgation of administrative regulations. No allotment shall exceed the total value of the funds, equipment, lands, and buildings made available to the local fire units from any source whatever for the year in which the allotment is made. A portion of the funds provided for above may be used to purchase group or blanket health insurance and shall be used to purchase workers' compensation insurance, and the remaining funds shall be distributed as set forth in this section.

(3) ***In counties that have entered into a valid interlocal agreement in accordance with KRS 65.210 to 65.300, concerning the provision of fire protection services across a participating county's boundaries, the commission shall allot on an annual basis an additional sum of one thousand six hundred fifty dollars ($1,650) to qualifying volunteer fire***

(a) Fire protection districts organized pursuant to KRS Chapter 75;

(b) County districts established under the authority of KRS 67.083; and

(c) Volunteer fire departments created as nonprofit corporations pursuant to KRS Chapter 273.

The volunteer fire departments enumerated in paragraphs (a) to (c) of this subsection must be subjects of the interlocal agreement for the provision of fire protection services to be eligible for this aid.

(4) There shall be allotted two hundred thousand dollars ($200,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund that shall be allocated each fiscal year of the biennium to the firefighters training center fund, which is hereby created and established, for the purposes of constructing new or upgrading existing training centers for firefighters. If any moneys in the training center fund remain uncommitted, unobligated, or unexpended at the close of the first fiscal year of the biennium, then such moneys shall be carried forward to the second fiscal year of the biennium, and shall be reallocated to and for the use of the training center fund, in addition to the second fiscal year's allocation of two hundred thousand dollars ($200,000). Prior to funding any project pursuant to this subsection, a proposed project shall be approved by the Commission on Fire Protection Personnel Standards and Education as provided in subsection ***(5)***[~~(4)~~] of this section and shall comply with state laws applicable to capital construction projects.

(5)[~~(4)~~] Applications for funding low-interest loans and firefighters' training centers shall be submitted to the Commission on Fire Protection Personnel Standards and Education for their recommendation, approval, disapproval, or modification. The commission shall review applications periodically, and shall, subject to funds available, recommend which applications shall be funded and at what levels, together with any terms and conditions the commission deems necessary. ***The commission shall give preference to those departments that are subjects of valid interlocal agreements concerning the provision of fire protection services across county boundaries.***

(6)[~~(5)~~] Any department or entity eligible for and receiving funding pursuant to this section shall have a minimum of fifty percent (50%) of its personnel certified as recognized by the Commission on Fire Protection Personnel Standards and Education.

(7)[~~(6)~~] Upon the written request of any department, the Commission on Fire Protection Personnel Standards and Education shall make available a certified training program in a county of which such department is located.

(8)[~~(7)~~] The amount of reimbursement for any given year for costs incurred by the Kentucky Community and Technical College System for administering these funds, including but not limited to the expenses and costs of commission operations, shall be determined by the commission and shall not exceed five percent (5%) of the total amount of moneys accruing to the Firefighters Foundation Program fund which are allotted for the purposes specified in this section during any fiscal year.

(9)[~~(8)~~] The commission shall withhold from the general distribution of funds under subsection (2) of this section an amount which it deems sufficient to reimburse volunteer fire departments for equipment lost or damaged beyond repair due to hazardous material incidents.

(10)[~~(9)~~] Moneys withheld pursuant to subsection ***(9)***[~~(8)~~] of this section shall be distributed only under the following terms and conditions:

(a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;

(b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;

(c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;

(d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;

(e) The commission has determined that the equipment sought to be replaced is immediately necessary to protect the lives of the volunteer firefighters of the fire department;

(f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and

(g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.

(11)[~~(10)~~] If a volunteer fire department has met all of the requirements of subsection ***(10)***[~~(9)~~] of this section, the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars ($10,000) or the actual amount of the loss, whichever is less. ***For volunteer fire departments that are recipients of supplemental aid granted under subsection (3) of this section, the commission may authorize a reimbursement of equipment losses not***

exceeding twelve thousand dollars ($12,000) or the actual amount of the loss, whichever is less.

(12)[~~(11)~~] Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be distributed in the normal manner required by subsection (2) of this section during the following fiscal year.

(13)[~~(12)~~] No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.

(14)[~~(13)~~] The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.

(15)[~~(14)~~] There shall be allotted each year of the 1992-93 biennium one million dollars ($1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars ($1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues from principal and interest payments. The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.

(16)[~~(15)~~] For fiscal year 2004-2005 and each fiscal year thereafter, there is allotted one million dollars ($1,000,000) from the fund established in KRS 95A.220 to be used by the commission to conduct training-related activities.

(17)[~~(16)~~] If funding is available from the fund established in KRS 95A.220, the Commission on Fire Protection Personnel Standards and Education may implement the following:

The commission shall work in conjunction with the fire marshal's office and other appropriate agencies and associations to identify and make maps of gas transmission and hazardous liquids pipelines in the state;

(c) A program to provide defensive driving training tactics to firefighters. The commission shall purchase, instruct in the use of, and maintain mobile equipment in each of the training regions, and fund expenses related to equipment replacement;

(f) A program to expand and update current EMS, first responder, EMT, and paramedic training and certification instruction; and

(g) A program to purchase thermal vision devices to comply with the provisions of KRS 95A.400 to 95A.440.

(b) During the forty-five (45) days next following the passage of the ordinance, order, resolution, or motion, any five (5) qualified voters who reside in the area where the tax levy will be imposed may commence petition proceedings to protest the passage of the ordinance, order, resolution, or motion by filing with the county clerk an affidavit stating that they constitute the petition committee and that they will be responsible for circulating the petition and filing it in the proper form within forty-five (45) days from the passage of the ordinance, order, resolution, or motion. The affidavit shall state their names and addresses and specify the address to which all notices to the committee are to be sent. Upon receipt of the affidavit, the county clerk shall:

1. At the time of filing of the affidavit, notify the petition committee of all statutory requirements for the filing

of a valid petition under this section;

2. At the time of the filing of the affidavit, notify the petition committee that the clerk will publish a notice identifying the tax levy being challenged and providing the names and addresses of the petition committee in a newspaper of general circulation within the county, if such publication exists, if the petition committee remits an amount equal to the cost of publishing the notice determined in accordance with the provisions of KRS 424.160 at the time of the filing of the affidavit. If the petition committee elects to have the notice published, the clerk shall publish the notice within five (5) days of receipt of the affidavit; and

3. Deliver a copy of the affidavit to the appropriate local governmental entity or district board of education.

(c) The petition shall be filed with the county clerk within forty-five (45) days of the passage of the ordinance, order, resolution, or motion. Each sheet of the petition shall contain the names of voters from one (1) voting precinct only, and shall include the name, number and designation of the precinct in which the voters signing the petition live. The inclusion of an invalid signature on a page shall not invalidate the entire page of the petition, but shall instead result in the invalid signature being stricken and not counted. Each signature shall be executed in ink or indelible pencil and shall be followed by the printed name, street address, and Social Security number or birthdate of the person signing. The petition shall be signed by a number of registered and qualified voters residing in the affected jurisdiction equal to at least ten percent (10%) of the total number of votes cast in the last preceding presidential election.

(d) Upon the filing of the petition with the county clerk, the ordinance, order, resolution, or motion shall be suspended from going into effect until after the election referred to in subsection (3) of this section is held, or until the petition is finally determined to be insufficient and no further action may be taken pursuant to paragraph (h) of this subsection.

(e) The county clerk shall immediately notify the presiding officer of the appropriate local governmental entity or district board of education that the petition has been received and shall, within thirty (30) days of the receipt of the petition, make a determination of whether the petition contains enough signatures of qualified voters to place the ordinance, order, resolution, or motion before the voters.

(f) If the county clerk finds the petition to be sufficient, the clerk shall certify to the petition committee and the local governmental entity or district board of education within the thirty (30) day period provided for in paragraph (e) of this subsection that the petition is properly presented and in compliance with the provisions of this section, and that the ordinance, order, resolution, or motion levying the tax will be placed before the voters for approval.

(g) If the county clerk finds the petition to be insufficient, the clerk shall, within the thirty (30) day period provided for in paragraph (e) of this subsection, notify, in writing, the petition committee and the local governmental entity or district board of education of the specific deficiencies found. Notification shall be sent by certified mail and shall be published at least one (1) time in a newspaper of general circulation within the county containing the local governmental entity or district board of education levying the tax or, if there is no such newspaper, shall be posted at the courthouse door.

(h) A final determination of the sufficiency of a petition shall be subject to final review by the Circuit Court of the county in which the local governmental entity or district board of education is located, and shall be limited to the validity of the county clerk's determination. Any petition challenging the county clerk's final determination shall be filed within ten (10) days of the issuance of the clerk's final determination.

(i) The local governmental entity***, county fiscal court acting pursuant to the provisions of Section 3 of this Act,*** or district board of education may cause the cancellation of the election by reconsidering the ordinance, order, resolution, or motion and amending the ordinance, order, resolution, or motion to levy a tax rate which will produce no more revenue from real property, exclusive of revenue from new property as defined in KRS 132.010, than four percent (4%)***, or, in the case of a county acting pursuant to Section 3 of this Act exclusive of revenue from new property as defined in KRS 132.010, more than five percent (5%), six percent (6%), or seven percent (7%)*** over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property. The action by the local governmental entity or district board of education shall be valid only if taken within fifteen (15) days following the date the clerk finds the petition to be sufficient.

(3) (a) If an election is necessary under the provisions of subsection (2) of this section, the county fiscal court, legislative body of a city, urban-county government, consolidated local government, or other taxing district shall cause to be submitted to the voters of the county, district, consolidated local government, or urban-county at the next regular election, the question as to whether the property tax rate shall be levied. The question shall be submitted to the county clerk not later than the second Tuesday in August preceding the regular election.

(b) If an election is necessary for a school district under the provisions of subsection (2) of this section, the district board of education may cause to be submitted to the voters of the district in a called common school election not less than thirty-five (35) days nor more than forty-five (45) days from the date the signatures on the petition are validated by the county clerk, or at the next regular election, at the option of the district board of education, the question as to whether the property tax rate shall be levied. If the election is held in conjunction with a regular election, the question shall be submitted to the county clerk not later than the second Tuesday in August preceding the regular election. The cost of a called common school election shall be borne by the school district holding the election. Any called common school election shall comply with the provisions of KRS 118.025.

(c) In an election held under paragraph (a) or (b) of this subsection, the question shall be so framed that the voter may by his or her vote answer "for" or "against." If a majority of the votes cast upon the question oppose its passage, the ordinance, order, resolution, or motion shall not go into effect. If a majority of the votes cast upon the question favor its passage, the ordinance, order, resolution, or motion shall become effective.

(d) If the ordinance, order, resolution, or motion fails to pass pursuant to an election held under paragraph (a) or (b) of this subsection, the property tax rate which will produce four percent (4%)***, or, in the case of a county acting pursuant to Section 3 of this Act, five percent (5%), six percent (6%), or seven percent (7%),*** more revenues from real property, exclusive of revenue from new property as defined in KRS 132.010, than the amount of revenue produced by the compensating tax rate defined in KRS 132.010, shall be levied without further approval by the local governmental entity or district board of education.

(4) Notwithstanding any statutory provision to the contrary, if a local governmental entity or district board of education has not established a final tax rate as of September 15, due to the recall provisions of this section, KRS 68.245, 132.027, or 160.470, regular tax bills shall be prepared as required in KRS 133.220 for all districts having a tax rate established by that date; and a second set of bills shall be prepared and collected in the regular manner, according to the provisions of KRS Chapter 132, upon establishment of final tax rates by the remaining districts.

(5) If a second billing is necessary, the collection period shall be extended to conform with the second billing date.

(6) All costs associated with the second billing shall be paid by the taxing district or districts requiring the second billing.

Each expenditure made by the fiscal court from grant funds provided to the county shall be documented, with appropriate receipts or other documents, and a copy of each receipt or other document shall be provided to the board to verify that the expenditure was proper. The board shall require reimbursement to the emergency medical services fund by the county, with interest at a rate of twenty percent (20%) annually, for any funds expended for an unauthorized purpose. If the county fails or refuses to reimburse the fund, the board shall notify the Attorney General, who shall seek appropriate civil and criminal remedies.

The commission shall examine the range of participation levels by county professional fire departments in a supplement program for the provision of fire protection services across county boundaries and indicate which level of participation the Commission on Fire Protection Personnel Standards and Education feels is the most likely level of participation in such a supplement program. The commission shall also provide a justification for its determination of the most likely level of participation. The commission shall project the costs of the varying levels of supplement and participation from fiscal years 2007-2008 through 2010-2011. The commission shall project funds available to the Firefighters Foundation Program fund for fiscal years 2007-2008 through 2010-2011, if possible, and match these proposed fund levels versus the levels of cost estimated for a supplement program for the provision of fire protection services across county boundaries. Lastly, the commission shall examine what, if any, insurance premium surcharge increases would be necessary to fund a supplement program for the provision of fire protection services across county boundaries, for a given level of participation in the program and a given level of supplemental pay. The Commission on Fire Protection Personnel Standards and Education shall submit its findings to the Legislative Research Commission by September 1, 2007.

3. Thirty-three and one-third percent (33-1/3%) of the money shall be distributed annually based on the county's population as a percentage of the total population of the Commonwealth at the time of distribution;

4. Of the moneys apportioned to counties on the basis of miles of public roads and population as provided for in subparagraphs 1. and 3. of this paragraph, the cabinet shall provide to the participating incorporated cities within the jurisdiction of each respective county which, by ordinance or other means, provides municipal solid waste collection service, an amount of funds equal to the ratio of that city's total miles of public roads in the county and the ratio of that city's population to the population of the county, to be used for the purpose of litter cleanup on public roads within city boundaries;

5. Moneys received by counties and cities pursuant to this paragraph shall be applied for by November 1 of the year preceding the grant distribution and shall be used to meet obligations with respect to the litter cleanup of public roads required by the provisions of KRS 224.43-345; and

(6) The cabinet shall be reimbursed for reasonable costs related to the implementation of the provisions of this section, not to exceed seven hundred fifty thousand dollars ($750,000) annually.

Section 7. KRS 138.220 is amended to read as follows:

(1) An excise tax at the rate of nine percent (9%) of the average wholesale price rounded to the third decimal when computed on a per gallon basis shall be paid on all gasoline and special fuel received in this state. For the purposes of the allocations in KRS 177.320(1) and (2) and 177.365, the amount calculated under this subsection shall be reduced by the amount calculated in subsection (3) of this section. Except as provided by KRS Chapter 138, no other excise or license tax shall be levied or assessed on gasoline or special fuel by the state or any political subdivision of the state. The tax herein imposed shall be paid by the dealer receiving the gasoline or special fuel to the State Treasurer in the manner and within the time specified in KRS 138.230 to 138.340 and all such tax may be added to the selling price charged by the dealer or other person paying the tax on gasoline or special fuel sold in this state. Nothing herein contained shall authorize or require the collection of the tax upon any gasoline or special fuel after it has been once taxed under the provisions of this section, unless such tax was refunded or credited.

(2) In addition to the excise tax provided in subsection (1) of this section, there is hereby levied a supplemental highway user motor fuel tax to be paid in the same manner and at the same time as the tax provided in subsection (1) of this section. Such tax shall be calculated, starting with the quarter beginning July 1, 1986, by taking the excise tax resulting from the calculation provided for in subsection (1) of this section and adjusting such tax calculated, for each quarter, to reflect decreases in the average wholesale price, as defined in KRS 138.210(10)(a). The adjustment shall be made by calculating the difference between the average wholesale price computed for the quarter beginning October 1, 1985, as provided for in subsection (4) of this section, and the average wholesale price computed for the quarter beginning July 1, 1986 and each succeeding quarter, as provided for in subsection (4) of this section. In the event of a decrease in the average wholesale

price computed for the quarter beginning October 1, 1985, and ending December 31, 1985, and the average wholesale price computed for the quarter beginning July 1, 1986, and each succeeding quarter, the excise tax shall be adjusted upward for that quarter. The upward adjustment shall equal one-half (1/2) of the decrease between the two (2) quarterly periods, rounded to the third decimal. In no case shall the adjustment provided by this subsection result in a supplemental highway user motor fuel tax greater than five cents ($0.05) on gasoline or two cents ($0.02) on special fuel and, notwithstanding any adjustment which may be calculated as provided by this subsection, in no case shall the supplemental highway user motor fuel tax for any quarter be less than the previous quarter. The supplemental highway user motor fuel tax provided by this subsection and the provisions of subsections (1) and (3) of this section shall constitute the tax on motor fuels imposed by KRS 138.220.

(3) Effective July 1, 2005, one cent ($0.01), and effective July 1, 2006, two and one-tenth cents ($0.021), of the tax collected under subsection (1) of this section shall be excluded from the calculations in KRS 177.320(1) and (2) and 177.365. The funds identified in this subsection shall be deposited into the state road fund.

(4) Effective with the calendar quarter beginning July 1, 1980, the department shall determine on a consistent basis the average wholesale price for each calendar quarter, on the basis of sales data accumulated for the first month of the preceding quarter. Notification of the average wholesale price shall be given to all licensed dealers at least twenty (20) days in advance of the first day of each calendar quarter.

(5) Dealers with a tax-paid gasoline or special fuel inventory at the time an average wholesale price becomes effective, shall be subject to additional tax or appropriate tax credit to reflect the increase or decrease in the average wholesale price for the new quarter. The department shall promulgate such rules and regulations to properly administer this provision.

(6) On or after July 1, 2007, if the average wholesale price of gasoline or special fuels causes an increase in the tax computed under subsection (1) of this section, then the amount of increase shall be set aside until nine hundred sixty thousand dollars ($960,000) annually has been set aside, to be used for the purposes authorized in subsections (5) and (6) of Section 8 of this Act. The set aside of the increase shall continue until the average wholesale price of gasoline and special fuels declines below the average wholesale price on July 1, 2007.

Section 8. KRS 177.320 is amended to read as follows:

(1) Twenty-two and two-tenths percent (22.2%) of all funds arising from the imposition of taxes provided by KRS 138.220(1) and (2), 138.660(1) and (2) and 234.320 shall be set aside for the construction, reconstruction and maintenance of secondary and rural roads and for no other purpose, and shall be expended for said purposes by the Transportation Cabinet of the Commonwealth of Kentucky according to the terms and conditions prescribed in KRS 177.330 to 177.360.

(2) On or after July 1, 1980, eighteen and three-tenths percent (18.3%) of all funds arising from the imposition of taxes provided by KRS 138.220(1) and (2), 138.660(1) and (2), and 234.320 shall be set aside for the construction, reconstruction and maintenance of county roads and bridges provided by KRS 179.410 and 179.415.

(3) All funds set aside in subsection (2) of this section for the construction, reconstruction and maintenance of county roads and bridges shall be allocated to the county in accordance with the formula established in KRS 177.360(1) pursuant to KRS 179.410.

(4) On or after July 1, 1986, one-tenth of one percent (0.1%) of all funds arising from the imposition of taxes provided by KRS 138.220(1) and (2), 138.660 and 234.320 shall be set aside for the purposes and functions of the Kentucky Transportation Center as established by KRS 177.375 to 177.380, except that the receipts provided to the center by this subsection shall not exceed one hundred ninety thousand dollars ($190,000) for any fiscal year.

(5) On or after July 1, 2007, the amount determined in subsection (6) of Section 7 of this Act shall be set aside and appropriated for the construction, reconstruction, and maintenance of county roads and bridges in counties that have entered into a valid interlocal agreement in accordance with KRS 65.210 to 65.300 for the general provision of road and bridge construction, reconstruction, and maintenance services across county boundaries. Counties shall not be eligible for these funds for the purpose of a single project of road and bridge construction, reconstruction, and maintenance. Counties shall be eligible for funding in a given fiscal year if they have entered into valid interlocal agreements by July 1 of that fiscal year.

(6) The cabinet shall allocate the funds set aside and appropriated in subsection (5) of this section to counties that have entered into valid multiyear interlocal agreements pursuant to KRS 65.210 to 65.300 for the general provision of road and bridge construction, reconstruction, and maintenance services across county boundaries, but not for the purpose of a single project of road and bridge construction, reconstruction, and maintenance, in accordance with the following formula:

(a) Twenty percent (20%) shall be apportioned equally among the counties that have entered into valid interlocal agreements for the provision of road and bridge construction, reconstruction, and maintenance services across county boundaries;

(b) Twenty percent (20%) shall be apportioned among the counties that have entered into valid interlocal agreements for the provision of road and bridge construction, reconstruction, and maintenance services across county boundaries on the basis of the ratio which the rural population of each county subject to the interlocal agreement bears to the total rural population of the counties that have entered into the interlocal agreements in the Commonwealth of Kentucky. "Rural population," as used in this paragraph, means the population in a

county outside cities, towns, and urban areas having a population of two thousand five hundred (2,500) or more as determined by the most recent decennial census conducted by the United States Department of Commerce, Bureau of the Census, and county population shall be determined the most recent decennial census conducted by the United States Department of Commerce, Bureau of the Census;

(c) Twenty percent (20%) shall be apportioned among the counties that have entered into valid interlocal agreements for the provision of road and bridge construction, reconstruction, and maintenance services across county boundaries on the basis of the ratio that the public road mileage outside of cities, towns, and urban areas having a population of two thousand five hundred (2,500) or more bears to the total mileage of these roads for the counties that have entered into the interlocal agreements in the Commonwealth of Kentucky; and

(d) Forty percent (40%) shall be apportioned among the counties that have entered into valid interlocal agreements for the provision of road and bridge construction, reconstruction, and maintenance services across county boundaries on the basis of the ratio which the square-mile rural area of each county bears to the total square-mile rural area for the counties that have entered into the interlocal agreements in the Commonwealth of Kentucky. "Rural area," as used in this paragraph, means that area of the county outside of cities, towns, and urban areas having a population of two thousand five hundred (2,500) or more as determined by the most recent decennial census conducted by the United States Department of Commerce, Bureau of the Census.

Participants in a valid multiyear interlocal agreement for the general provision of road and bridge construction, reconstruction, and maintenance services across county boundaries, except for the purpose of a single project of road and bridge construction, reconstruction, and maintenance, shall be eligible for receipt of these funds for a period of four (4) years after the approval of the interlocal agreement. No county shall be eligible for receipt of these funds more than once. The cabinet shall disburse these funds to eligible counties in twelve (12) equal monthly payments in a fiscal year, and eligible counties shall expend these funds within two (2) years of their receipt. Funds that have not been expended within two (2) years shall lapse back to the cabinet for allocation to further the purposes of subsection (5) of this section. Any funds designated within this subsection that remain unallocated at the end of a fiscal year shall lapse to the state road fund.

Section 9. The Department for Criminal Justice Training shall study and report on the effect on the Kentucky Law Enforcement Foundation Program fund of providing incentive pay to sheriffs' departments and county police departments that enter into interlocal agreements for the provision of law enforcement across county boundaries or, in the case of sheriffs' departments, the provision of tax collection services across county boundaries. The department shall examine the cost of:

(1) A five percent (5%);

(2) A ten percent (10%);

(3) A fifteen percent (15%); and

(4) A twenty percent (20%) addition to the supplemental pay provided by the Kentucky Law Enforcement Foundation Program fund to participating departments and peace officers. The department shall examine the range of participation levels by county police departments and sheriffs' departments in a supplement program for the provision of law enforcement or tax collection services across county boundaries and indicate which level of participation that the Department for Criminal Justice Training feels is the most likely level of participation in such a supplement program. The department shall also provide a justification for its determination of the most likely level of participation. The department shall project the costs of the varying levels of supplement and participation from fiscal years 2007-2008 through 2010-2011. The department shall project funds available to the Kentucky Law Enforcement Foundation Program fund for fiscal years 2007-2008 through 2010-2011, if possible, and match these proposed fund levels versus the levels of cost estimated for a supplement program for the provision of law enforcement or tax collection services across county boundaries. Lastly, the department shall examine what, if any, insurance premium surcharge increases would be necessary to fund a supplement program for the provision of law enforcement or tax collection services across county boundaries, for a given level of participation in the program and a given level of supplemental pay. The Department for Criminal Justice Training shall submit its findings to the Legislative Research Commission by September 1, 2008.

Section 10. The Commission on Fire Protection Personnel Standards and Education shall study and report on the effect on the Firefighters Foundation Program fund of providing incentive pay to county professional fire departments that enter into interlocal agreements for the provision of fire protection services across county boundaries. The commission shall examine the cost of:

(1) A five percent (5%);

(2) A ten percent (10%);

(3) A fifteen percent (15%); and

(4) A twenty percent (20%) addition to the supplemental pay provided by Firefighters Foundation Program fund to participating county professional fire departments. The commission shall examine the range of participation levels by county professional fire departments in a supplement program for the provision of fire protection services across county boundaries and indicate which level of participation the Commission on Fire Protection Personnel Standards and Education feels is the most likely level of participation in such a supplement program. The commission shall also provide a justification for its determination of the most likely level of participation. The commission shall project the costs of the

varying levels of supplement and participation from fiscal years 2007-2008 through 2010-2011. The commission shall project funds available to the Firefighters Foundation Program fund for fiscal years 2007-2008 through 2010-2011, if possible, and match these proposed fund levels versus the levels of cost estimated for a supplement program for the provision of fire protection services across county boundaries. Lastly, the commission shall examine what, if any, insurance premium surcharge increases would be necessary to fund a supplement program for the provision of fire protection services across county boundaries, for a given level of participation in the program and a given level of supplemental pay. The Commission on Fire Protection Personnel Standards and Education shall submit its findings to the Legislative Research Commission by September 1, 2008.

(b) Prisoners who are later determined not to have been indigent, or who at a time following treatment are no longer indigent, shall be required to repay the costs of payments made pursuant to this section to the unit of government which made the payment.

In the event there is an insufficient surplus to satisfy said balance of all such catastrophic claims which are made during that year, the state shall pay to those qualified counties, on a per claim basis, an amount equal to each claim's percentage of the total surplus. Should the surplus be sufficient to satisfy all such catastrophic claims, the amount remaining, if any, shall not lapse but shall be carried forward to the next fiscal year to be made available for future catastrophic claims.

(13)[~~(12)~~] Notwithstanding other provisions of this section to the contrary, a jail may impose a reasonable fee for the use of jail medical facilities by a prisoner who has the ability to pay for the medical care. These funds may be deducted from the prisoner's inmate account. A prisoner shall not be denied medical treatment because he has insufficient funds on his inmate account. This subsection shall not preclude other recovery of funds as provided in this section.

(a) Two hundred dollars ($200) to help defray the costs of life insurance; and

(b) Two hundred dollars ($200) to help defray the costs of health insurance.

The Finance and Administration Cabinet shall determine the adjustment, which shall be retroactive to January 1 of that year, and the State Treasurer shall pay the adjusted monthly payment to the firefighter.

(2) In order to receive the monthly payment, the firefighter must present to the Commission on Fire Protection Personnel Standards and Education:

(a) A written statement from the fire chief of the fire department under whose command the firefighter was at the time of injury stating the fact that the firefighter was on active duty and on assignment with that fire department when the injury occurred; and

(b) If a firefighter, either through a settlement of any kind or through any other source, has health insurance provided at no cost, then the firefighter shall not be eligible to receive the health insurance payment described in subsection (1)(b) of this section. If a firefighter receives partial payment of health insurance, and the portion of the payment that the firefighter is responsible for is less than the amount stated in subsection (1) of this section, then the firefighter shall only receive that portion of the payment to pay for the cost of the insurance.

(4) If the firefighter should no longer be considered permanently and totally disabled as defined in KRS 342.0011, or if either or both life and health insurance policies are terminated, then the firefighter shall within thirty (30) days of that determination notify the Commission on Fire Protection Personnel Standards and Education, in writing, of that fact or facts. The commission shall then terminate the appropriate subsequent payments to that firefighter. A firefighter may continue to receive payments for one (1) type of insurance as long as the firefighter is still permanently and totally disabled and the insurance policy is active. If the firefighter fails to notify the commission within thirty (30) days and receives subsequent payments under this section, the firefighter shall be responsible for repaying any payments provided to the firefighter under this section from the date that the firefighter was no longer considered permanently and totally disabled.

(5) The Commission on Fire Protection Personnel Standards and Education shall promulgate administrative regulations in accordance with the provisions of KRS Chapter 13A establishing procedures and criteria applicable to the administration of this section by December 31, 2002.

For those districts with multicounty jurisdictions, the district shall file a copy with each of the fiscal courts within the jurisdiction of the district for their review. If the budget is not filed with the fiscal court at least thirty (30) days prior to the start of the district fiscal year, the fiscal court shall immediately notify the county attorney. The county attorney shall then notify the governing board of the special district of the noncompliance and then proceed with any steps necessary to prevent the expenditure of funds by the special district until the district is in compliance.

The districts shall annually submit a copy of their financial report to the county judge/executive and to the state local finance officer and once every four (4) years provide for the performance of an audit as provided in subsection (4) of this section.

(6) Any resident of the district may bring an action in the Circuit Court to enforce the provisions of this section. The Circuit Court shall hear the action and, on a finding that the governing body of the district has violated the provisions of this section, shall order the district to comply with the provisions. The Circuit Court, in its discretion, may allow the prevailing party, other than the district, a reasonable attorney's fee and court costs, to be paid from the district's treasury.

(a) "Critical shortage area" means an understaffing of teachers in particular subject matters at the secondary level, in grade levels, or in geographic locations at the elementary and secondary level, as determined by the commissioner of education in consultation with the authority. The commissioner and the authority may use any source considered reliable including, but not limited to, local education agencies to identify the critical shortage areas.

(3) The authority may, to the extent of appropriations and other funds available to it pursuant to subsection (9) of this section, award teacher scholarships to persons eligible under subsection (4) of this section, who initially demonstrate financial need in accordance with standards and criteria established by the authority or received teacher scholarships pursuant to this section prior to July 1, 1996. Each teacher scholarship shall be evidenced by a promissory note that requires repayment or cancellation pursuant to subsection (6) of this section.

(4) Kentucky residents who are United States citizens and enrolled or accepted for enrollment in an eligible program of study on a full-time basis at a participating institution shall be eligible to apply for and be awarded teacher scholarships. Teacher scholarships shall first be awarded to highly qualified eligible students who meet standards and requirements established by the Education Professional Standards Board pursuant to KRS 161.028 for admission to a teacher education program at a participating institution or who received teacher scholarships pursuant to this section prior to July 1, 1996. (6) (a) The authority shall disburse teacher scholarships to eligible students who agree to render qualified teaching service as certified teachers, and are unconditionally admitted and enrolled in an eligible program of study on a full-time basis, except that disbursements may be made to otherwise eligible students enrolled less than full-time in the semester or summer term in which the eligible program of study will be completed or otherwise eligible students having a disability defined by Title II of the Americans with Disabilities Act (42 U.S.C. secs. 12131 et seq.), who have been certified by a licensed physician to be unable to attend the eligible program of study full-time because of the disability. Teacher scholarships shall be disbursed to eligible students who received teacher scholarships pursuant to this section for recertification in a critical shortage area prior to July 1, 1996, who are enrolled in and continuing toward completion of their program of study, and who agree to render qualified teaching service as certified teachers.

(b) A teacher scholarship shall not be awarded or a promissory note cancellation shall not be granted to any person who is in default on any obligation to the authority under any program administered by the authority pursuant to

KRS 164.740 to 164.785 until financial obligations to the authority are satisfied, except that ineligibility for this reason may be waived by the authority for cause.

(c) Recipients shall render one (1) semester of qualified teaching service for each semester or summer term of scholarship received, except that recipients who teach in a critical shortage area designated by the authority shall render one (1) semester of qualified teaching service as repayment for two (2) semesters or summer terms of scholarships received. Upon completion of each semester of qualified teacher service, the authority shall cancel the appropriate number of promissory notes.

(d) If the recipient of a teacher scholarship fails to complete an eligible program of study at a participating institution or fails to render qualified teaching service in any semester following certification or recertification, unless the failure is temporarily waived for cause by the authority, the recipient shall immediately become liable to the authority for repayment of the sum of all outstanding promissory notes and accrued interest. Persons liable for repayment of scholarships under this paragraph shall be liable for interest accruing from the dates on which the teacher scholarships were disbursed.

(e) Recipients who have outstanding loans or scholarships under KRS 156.611, 156.613, 164.768, or 164.770 respectively, and who render qualified teaching service, shall have their notes canceled in accordance with subsection (6)(c) of this section.

(g) Notwithstanding any other statute to the contrary, the maximum interest rate applicable to repayment of a promissory note under this section shall be twelve percent (12%) per annum, except that if a judgment is rendered to recover payment, the judgment shall bear interest at the rate of five percent (5%) greater than the rate actually charged on the promissory note.

(7) A repayment obligation imposed by this section shall not be voidable by reason of the age of the recipient at the time of receiving the teacher scholarship.

(8) Failure to meet repayment obligations imposed by this section shall be cause for the revocation of a person's teaching certificate, subject to the procedures set forth in KRS 161.120.

(9) All moneys repaid to the authority under this section shall be added to the appropriations made for purposes of this section, and the funds and unobligated appropriations shall not lapse.

(3) The primary program shall include the following critical attributes: developmentally appropriate educational practices; multiage and multiability classrooms; continuous progress; authentic assessment; qualitative reporting methods; professional teamwork; and positive parent involvement.

(4) Each school council or, if none exists, the school shall determine the organization of its ungraded primary program including the extent to which multiage groups are necessary to implement the critical attributes based on the critical attributes and meeting individual student needs.

(5) The implementation of the primary program may take into consideration the necessary arrangements required for students attending part-time and will allow for grouping of students attending their first year of school when determined to be developmentally appropriate.

(6) A school district may advance a student through the primary program when it is determined that it is in the best educational interest of the student. A student who is at least five (5) years of age, but less than six (6) years of age, and is advanced in the primary program may be classified as other than a kindergarten student for purposes of funding under KRS 157.310 to 157.440 if the student is determined to have acquired the academic and social skills taught in kindergarten as determined by local board policy in accordance with the process established by Kentucky Board of Education administrative regulation.

(7) Data shall be collected by each school district on the number of students, in each school having a primary program, who take five (5) years to complete the primary program. The data shall be reported in the annual performance report described in KRS 158.6453.

HB 306, AN ACT relating to the Academy of Mathematics and Science in Kentucky and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

(1) The Academy of Mathematics and Science in Kentucky is hereby created at Western Kentucky University. The academy shall provide a residential, coeducational program to highly motivated and talented high school juniors and seniors from across the state who are interested in pursuing careers in mathematics, science, technology, and engineering.

(a) The purposes of the academy are to:

1. Provide advanced educational opportunities for a select number of Kentucky's exceptional students to study mathematics and science in an environment that prepares them for leadership roles in the Commonwealth;

2. Increase the number of professionals in the fields of mathematics, science, technology, and engineering; and

3. Meet the intellectual needs of a select number of high school students who would benefit from early participation in a postsecondary education setting.

(b) Long-term goals of the academy are to:

1. Increase Kentucky's intellectual capital in the fields of mathematics, science, technology, and engineering; and

2. Increase innovation and advances in these fields with application for Kentucky as well as the rest of the nation.

(2) The academy shall be under the control and management of the Western Kentucky University board of regents. The university shall provide the facilities, support services, and staff, including university faculty members, to teach all academic courses for the students at the academy. Notwithstanding KRS 161.020, 161.030, and 161.048, the Education Professional Standards Board shall recognize faculty of the Academy of Mathematics and Science in Kentucky as certified.

(3) The president of the university, with approval of the board of regents, shall appoint an advisory board to provide oversight to the academy. The size and makeup of the advisory board shall be at the discretion of the president; however, the president shall ensure representation from all geographic regions of the state and include P-16 educators and business and industry representatives, as well as ensure representation from both sexes and racial diversity. The president shall determine the length of terms, the duties of the advisory committee, and the operational procedures.

(4) Students shall be selected on the basis of criteria established by the academy. The academy shall solicit recommendations and applications of potential students from all Kentucky public school districts and private, parochial, or church schools located in Kentucky that have been certified by the Kentucky Board of Education as voluntarily complying with curriculum, certification, and textbook standards established by the Kentucky Board of Education under KRS 156.160. Prior to the selection process, the administrator of the academy shall provide a detailed description of the selection process, including how priority for geographic, racial, ethnic, and gender diversity will be used.

(5) Based on available funds as described in subsection (8) of this section, the university may provide all or a portion of the costs of tuition, room, board, and other fees to the academy students. Books, instructional supplies, and incidental fees shall be the responsibility of the students. The university shall define what services and privileges shall be made available to the students while in residence.

(6) Students in the academy shall take the assessments required of all high school students as required by the Commonwealth Accountability Testing System described in KRS 158.6453. The assessment scores shall be reported to the home high schools of the students and counted in the accountability index as described in KRS 158.6455(3).

(7) Students who complete the program at the academy may use the courses to qualify for a high school diploma and to earn college credit hours. The earned college credit hours shall be transferable to any public postsecondary education institution in Kentucky.

(8) The academy shall be funded with appropriations by the General Assembly from the general fund and funds from the Support Educational Excellence in Kentucky Program as described in Section 2 of this Act. The academy may receive donations, grants, and bequests, and may charge tuition and fees.

Section 2. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay for:

1. Alternative programs for students who are at risk of dropping out of school before achieving a diploma; and

2. A hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. Specific weights for each category of exceptionality shall be used in the calculation of the add-on factor for exceptional children; and

(c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);

2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12).

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Career and Technical Education in the Department of Education. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Kentucky Board of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported annually on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

(14) Effective July 1, 2001, there shall be no deduction applied against the base funding level for any pupil in average daily attendance who spends a portion of his or her school day in a program at a state-operated career and technical education or vocational facility.

(15) Based on the 2007-2008 school year and each year thereafter, the Department of Education shall provide the adjusted base funding level for each student in average daily attendance in the Academy of Mathematics and Science in Kentucky to Western Kentucky University for operation of the academy.

Section 3. KRS 158.140 is amended to read as follows:

(1) When a pupil in any public elementary school or any approved private or parochial school completes the prescribed elementary program of studies, he is entitled to a certificate of completion signed by the teacher or teachers under whom the program was completed. The certificate shall entitle the pupil to admission into any public high school. Any promotions or credits earned in attendance in any approved public school are valid in any other public school to which a pupil may go, but the superintendent or principal of a school, as the case may be, may assign the pupil to the class or grade to which the pupil is best suited. In case a pupil transfers from the school of one (1) district to the school of another district, an assignment to a lower grade or course shall not be made until the pupil has demonstrated that he is not suited for the work in the grade or course to which he has been promoted.

(2) Upon successful completion of all state and local board requirements, the student shall receive a diploma indicating graduation from high school.

(3) ***(a) The Academy of Mathematics and Science in Kentucky may award a diploma to any student who completes his or her high school program at the academy. If the academy issues a diploma, the board of regents shall provide to the commissioner of education a letter of assurance that the program of study completed by its students, in combination with previously earned secondary credits, meets the minimum graduation requirements established by the Kentucky Board of Education under KRS 156.160(1)(c).***

(b) A local school district may award a joint diploma with the Academy of Mathematics and Science in Kentucky to any student who was enrolled in a district high school and completed his or her high school program at the academy.

(c) The academy and the home school district shall ensure that student transcripts from each institution accurately reflect the dual credit coursework.

(4) A local school board may award a diploma indicating graduation from high school to any student posthumously with the high school class ***with whom*** the student was expected to graduate.

1. World War II, as defined in KRS 40.010;

prior to August 5, 1964, the period shall begin February 28, 1961.

(b) Upon recommendation of the commissioner, the Kentucky Board of Education in consultation with the Kentucky Department of Veterans' Affairs shall promulgate administrative regulations to establish the guidelines for awarding the authentic diplomas referred to in paragraph (a) of this subsection.

(6)[~~(5)~~] The Department of Education shall establish the requirements for a vocational certificate of completion. The Committee Substitute to **HB 306** is as follows:

HB 306, AN ACT relating to the Academy of Mathematics and Science in Kentucky and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

(1) The Academy of Mathematics and Science in Kentucky is hereby created at Western Kentucky University. The academy shall provide a residential, coeducational program to highly motivated and talented high school juniors and seniors from across the state who are interested in pursuing careers in mathematics, science, technology, and engineering.

(a) The purposes of the academy are to:

1. Provide advanced educational opportunities for a select number of Kentucky's exceptional students to study mathematics and science in an environment that prepares them for leadership roles in the Commonwealth;

2. Increase the number of professionals in the fields of mathematics, science, technology, and engineering; and

3. Meet the intellectual needs of a select number of high school students who would benefit from early participation in a postsecondary education setting.

(b) Long-term goals of the academy are to:

1. Increase Kentucky's intellectual capital in the fields of mathematics, science, technology, and engineering; and

2. ***Increase innovation and advances in these fields with application for Kentucky as well as the rest of the nation.***

(2) The academy shall be under the control and management of the Western Kentucky University board of regents. The university shall provide the facilities, support services, and staff, including university faculty members, to teach all academic courses for the students at the academy. Notwithstanding KRS 161.020, 161.030, and 161.048, the Education Professional Standards Board shall recognize faculty of the Academy of Mathematics and Science in Kentucky as certified. This certification applies only to teaching at the academy and is nontransferable to another public school. Faculty may use teaching experience at the academy towards Option 3. alternative certification under KRS 161.048(4). The academy shall report to the Education Professional Standards Board the names of instructors and courses taught at the academy each semester.

(3) The president of the university, with approval of the board of regents, shall appoint an advisory board to provide oversight to the academy. The size and makeup of the advisory board shall be at the discretion of the president; however, the president shall ensure representation from all geographic regions of the state and include P-16 educators and business and industry representatives, as well as ensure representation from both sexes and racial diversity. The president shall determine the length of terms, the duties of the advisory committee, and the operational procedures.

(4) Students shall be selected on the basis of criteria established by the academy. The academy shall solicit recommendations and applications of potential students from all Kentucky public school districts and private, parochial, or church schools located in Kentucky that have been certified by the Kentucky Board of Education as voluntarily complying with curriculum, certification, and textbook standards established by the Kentucky Board of Education under KRS 156.160. Prior to the selection process, the administrator of the academy shall provide a detailed description of the selection process, including how priority for geographic, racial, ethnic, and gender diversity will be used.

(5) Based on available funds as described in subsection (8) of this section, the university may provide all or a portion of the costs of tuition, room, board, and other fees to the academy students. Books, instructional supplies, and incidental fees shall be the responsibility of the students. The university shall define what services and privileges shall be made available to the students while in residence.

(6) Students in the academy shall take the assessments required of all high school students as required by the Commonwealth Accountability Testing System described in KRS 158.6453. The assessment scores shall be reported to the home high schools of the students and counted in the accountability index as described in KRS 158.6455(3).

(7) Students who complete the program at the academy may use the courses to qualify for a high school diploma and to earn college credit hours. The earned college credit hours shall be transferable to any public postsecondary education institution in Kentucky.

(8) The academy shall be funded with appropriations by the General Assembly from the general fund and funds from the Support Educational Excellence in Kentucky Program as described in Section 2 of this Act. The academy may receive donations, grants, and bequests, and may charge tuition and fees.

Section 2. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay for:

1. Alternative programs for students who are at risk of dropping out of school before achieving a diploma; and
2. A hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. Specific weights for each category of exceptionality shall be used in the calculation of the add-on factor for exceptional children; and

(c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12).

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Career and Technical Education in the Department of Education. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Kentucky Board of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported annually on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

(14) Effective July 1, 2001, there shall be no deduction applied against the base funding level for any pupil in average daily attendance who spends a portion of his or her school day in a program at a state-operated career and technical education or vocational facility.

(15) Based on the 2007-2008 school year and each year thereafter, the Department of Education shall provide the statewide guaranteed base funding level for each student in the prior year's average daily attendance in the Academy of Mathematics and Science in Kentucky to Western Kentucky University for operation of the academy.

Section 3. KRS 158.140 is amended to read as follows:

(1) When a pupil in any public elementary school or any approved private or parochial school completes the prescribed elementary program of studies, he is entitled to a certificate of completion signed by the teacher or teachers under whom the program was completed. The certificate shall entitle the pupil to admission into any public high school. Any promotions or credits earned in attendance in any approved public school are valid in any other public school to which a pupil may go, but the superintendent or principal of a school, as the case may be, may assign the pupil to the class or grade to which the pupil is best suited. In case a pupil transfers from the school of one (1) district to the school of another district, an assignment to a lower grade or course shall not be made until the pupil has demonstrated that he is not suited for the work in the grade or course to which he has been promoted.

(2) Upon successful completion of all state and local board requirements, the student shall receive a diploma indicating graduation from high school.

(3) (a) The Academy of Mathematics and Science in Kentucky may award a diploma to any student who completes his or her high school program at the academy. operated in these schools, including interscholastic athletics, the Kentucky School for the Deaf, the Kentucky School for the Blind, and community education programs and services.

(2) The Kentucky Board of Education may designate an organization or agency to manage interscholastic athletics in the common schools, provided that the rules, regulations, and bylaws of any organization or agency so designated shall be approved by the board, and provided further that any administrative hearing conducted by the designated managing organization or agency shall be conducted in accordance with KRS Chapter 13B.

(a) The state board or its designated agency shall assure through promulgation of administrative regulations that if a secondary school sponsors or intends to sponsor an athletic activity or sport that is similar to a sport for which National Collegiate Athletic Association members offer an athletic scholarship, the school shall sponsor the athletic activity or sport for which a scholarship is offered. The administrative regulations shall specify which athletic activities are similar to sports for which National Collegiate Athletic Association members offer scholarships.

(b) Beginning with the 2003-2004 school year, the state board shall require any agency or organization designated by the state board to manage interscholastic athletics to adopt bylaws that establish as members of the agency's or organization's board of control one (1) representative of nonpublic member schools who is elected by the nonpublic school members of the agency or organization from regions one (1) through eight (8) and one (1) representative of nonpublic member schools who is elected by the nonpublic member schools of the agency or organization from regions nine (9) through sixteen (16). The nonpublic school representatives on the board of control shall not be from classification A1 or D1 schools. Following initial election of these nonpublic school representatives to the agency's or organization's board of control, terms of the nonpublic school representatives shall be staggered so that only one (1) nonpublic school member is elected in each even-numbered year.

(c) The state board or any agency designated by the state board to manage interscholastic athletics shall not promulgate rules, administrative regulations, or bylaws that prohibit pupils in grades seven (7) to eight (8) from participating in any high school sports except for high school varsity soccer and football, or from participating on more than one (1) school-sponsored team at the same time in the same sport. The Kentucky Board of Education, or an agency designated by the board to manage interscholastic athletics, may promulgate administrative regulations restricting, limiting, or prohibiting participation in high school varsity soccer and football for students who have not successfully completed the eighth grade.

(d) Every local board of education shall require an annual medical examination performed and signed by a physician, physician assistant, advanced registered nurse practitioner, or chiropractor, if performed within the professional's scope of practice, for each student seeking eligibility to participate in any high school athletic activity or sport. The Kentucky Board of Education or any organization or agency designated by the state board to manage interscholastic athletics shall not promulgate administrative regulations or adopt any policies or bylaws that are contrary to the provisions of this paragraph.

(e) Any student who turns nineteen (19) years of age prior to August 1 shall not be eligible for high school athletics in Kentucky. Any student who turns nineteen (19) years of age on or after August 1 shall remain eligible for that school year only. ***An exception to the provisions of this paragraph shall be made and the student shall be eligible for high school athletics in Kentucky if the student:***

1. Qualified for exceptional children services and had an individual education program developed by an admissions and release committee (ARC) while the student was enrolled in the primary school program;

2. Was retained in the primary school program because of an ARC committee recommendation; and

3. Has not completed four (4) consecutive years or eight (8) consecutive semesters of eligibility following initial promotion from grade eight (8) to grade nine (9).

(f) If the state board or any agency designated by the state board to manage interscholastic athletics promulgates administrative regulations that permit a school district to employ or assign nonteaching personnel to serve in a coaching position, those administrative regulations shall apply to all sports and sports activities, including basketball and football. The administrative regulations shall give preference to the hiring or assignment of certified personnel over nonteaching personnel in coaching positions.

(3) (a) The Kentucky Board of Education is hereby authorized to lease from the State Property and Buildings Commission, or others, whether public or private, any lands, buildings, structures, installations, and facilities suitable for use in establishing and furthering television and related facilities as an aid or supplement to classroom instruction, throughout the Commonwealth, and for incidental use in any other proper public functions. The lease may be for any initial term commencing with the date of the lease and ending with the next ensuing June 30, which is the close of the then-current fiscal biennium of the Commonwealth, with exclusive options in favor of the board to renew the same for successive ensuing bienniums, July 1 in each even year to June 30 in the next ensuing even year; and the rentals may be fixed at the sums in each biennium, if renewed, sufficient to enable the State Property and Buildings Commission to pay therefrom the maturing principal of and interest on, and provide reserves for, any revenue bonds which the State Property and Buildings Commission may determine to be necessary and sufficient, in agreement with the board, to provide the cost of acquiring the television and related facilities, with appurtenances, and costs as may be incident to the issuance of the bonds.

(b) Each option of the Kentucky Board of Education to renew the lease for a succeeding biennial term may be exercised at any time after the adjournment of the session of the General Assembly at which appropriations shall have been made for the operation of the state government for such succeeding biennial term, by notifying the State Property and Buildings Commission in writing, signed by the chief state school officer, and delivered to the secretary of the Finance and Administration Cabinet as a member of the commission. The option shall be deemed automatically exercised, and the lease automatically renewed for the succeeding biennium, effective on the first day thereof, unless a written notice of the board's election not to renew shall have been delivered in the office of the secretary of the Finance and Administration Cabinet before the close of business on the last working day in April immediately preceding the beginning of the succeeding biennium.

(c) The Kentucky Board of Education shall not itself operate leased television facilities, or undertake the preparation of the educational presentations or films to be transmitted thereby, but may enter into one (1) or more contracts to provide therefor, with any public agency and instrumentality of the Commonwealth having, or able to provide, a staff with proper technical qualifications, upon which agency and instrumentality the board, through the chief state school officer and the Department of Education, is represented in such manner as to coordinate matters of curriculum with the curricula prescribed for the public schools of the Commonwealth. Any contract for the operation of the leased television or related facilities may permit limited and special uses of the television or related facilities for other programs in the public interest, subject to the reasonable terms and conditions as the board and the operating agency and instrumentality may agree upon; but any contract shall affirmatively forbid the use of the television or related facilities, at any time or in any manner, in the dissemination of political propaganda or in furtherance of the interest of any political party or candidate for public office, or for commercial advertising. No lease between the board and the State Property and Buildings Commission shall bind the board to pay rentals for more than one (1) fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and may apply to rental payments under any lease and to the cost of providing for the operation of the television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises, and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.

(4) The state board may, on the recommendation and with the advice of the chief state school officer, prescribe, print, publish, and distribute at public expense such administrative regulations, courses of study, curriculums, bulletins, programs, outlines, reports, and placards as each deems necessary for the efficient management, control, and operation of the schools and programs under its jurisdiction. All administrative regulations published or distributed by the board shall be enclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.

(5) Upon the recommendation of the chief state school officer or his designee, the state board shall establish policy or act on all matters relating to programs, services, publications, capital construction and facility renovation, equipment, litigation, contracts, budgets, and all other matters which are the administrative responsibility of the Department of Education.

(p) Employees of the Kentucky Department of Education. For employees of the Kentucky Department of Education only, employment under a job description that permits experience to substitute for graduation from a four (4) year college or university shall not disqualify the employee for membership if the employee is a graduate of a four (4) year college or university.

secondary schools of the state on or before July 1, 1940, and continued to be a member of the system until he, with the membership of the local retirement system, became a member of the state Teachers' Retirement System or who becomes a member under the provisions of KRS 161.470(4);

(6) "New teacher" means any member not a present teacher;

(7) "Prior service" means the number of years during which the member was a teacher in Kentucky prior to July 1, 1941, except that not more than thirty (30) years' prior service shall be allowed or credited to any teacher;

(9) "Final average salary" means the average of the five (5) highest annual salaries which the member has received for service in a covered position and on which the member has made contributions, or on which the public board, institution, or agency has picked-up member contributions pursuant to KRS 161.540(2), or the average of the five (5) years of highest salaries as defined in KRS 61.680(2)(a), which shall include picked-up member contributions. Additionally, the board of trustees may approve a final average salary based upon the average of the three (3) highest salaries for members who are at least fifty-five (55) years of age and have a minimum of twenty-seven (27) years of Kentucky service credit. However, if any of the five (5) or three (3) highest annual salaries used to calculate the final average salary was paid within the three (3) years immediately prior to the date of the member's retirement, the amount of salary to be included for each of those three (3) years for the purpose of calculating the final average salary shall be limited to the lesser of:

(a) The member's actual salary; or

(b) The member's annual salary that was used for retirement purposes during each of the prior three (3) years, plus a percentage increase equal to the percentage increase received by all other members employed by the public board, institution, or agency, or for members of school districts, the highest percentage increase received by members on any one (1) rank and step of the salary schedule of the school district. Annual compensation shall not include payment for any benefit or salary adjustments made by the public board, institution, or agency to the member or on behalf of the member which is not available as a benefit or salary adjustment to other members employed by that public board, institution, or agency. Annual compensation shall not include the salary supplement received by a member under KRS 158.6455 or 158.782 on or after July 1, 1996. Under no circumstances shall annual compensation include compensation that is earned by a member while on assignment to an organization or agency that is not a public board, institution, or agency listed in subsection (4) of this section. In the event that federal law requires that a member continue membership in the retirement system even though the member is on assignment to an organization or agency that is not a public board, institution, or agency listed in subsection (4) of this section, the member's annual compensation for retirement purposes shall be deemed to be the annual compensation, as limited by subsection (9) of this section, last earned by the member while still employed solely by and providing services directly to a public board, institution, or agency listed in subsection (4) of this section. The board of trustees shall determine if any benefit or salary adjustment qualifies as annual compensation;

(18) "Public schools" means the schools and other institutions mentioned in subsection (4) of this section;

(19) "Dependent" as used in KRS 161.520 and 161.525 means a person who was receiving, at the time of death of the member, at least one-half (1/2) of the support from the member for maintenance, including board, lodging, medical care, and related costs;

(20) "Active contributing member" means a member currently making contributions to the Teachers' Retirement System, who made contributions in the next preceding fiscal year, for whom picked-up member contributions are currently being made, or for whom these contributions were made in the next preceding fiscal year;

(21) "Full-time" means employment in a position that requires services on a continuing basis equal to at least seven-tenths (7/10) of normal full-time service on a fiscal year basis;

(23) "Last annual compensation" means the annual compensation, as defined by subsection (10) of this section and as limited by subsection (9) of this section, earned by the member during the most recent period of contributing service, either consecutive or nonconsecutive, that is sufficient to provide the member with one (1) full year of service credit in the Kentucky Teachers' Retirement System, and which compensation is used in calculating the member's initial retirement allowance, excluding bonuses, retirement incentives, payments for accumulated sick, annual, personal and compensatory leave, and any other lump-sum payment.

Section 2. KRS 161.250 is amended to read as follows:

(1) The general administration and management of the retirement system, and the responsibility for its proper operation and for making effective provisions of KRS 161.155 and 161.220 to 161.714 are vested in a board of trustees to be known as the "Board of Trustees of the Teachers' Retirement System of the State of Kentucky." The board of trustees shall consist of the chief state school officer, the State Treasurer, and seven (7) other trustees elected as provided in KRS 161.260. Four (4) of the elective trustees shall be members of the retirement system, to be known as teacher trustees, two (2) shall be persons who are not members ***or former members who are now annuitants of the retirement system***~~[of the teaching profession]~~, to be known as the lay trustees, and one (1) shall be an annuitant of the retirement system to be known as the retired teacher trustee. One (1) teacher trustee shall be elected annually for a four-year term. The retired teacher trustee shall be elected every four (4) years. The chief state school officer and the State Treasurer are considered ex officio members of the board of trustees and may designate in writing a person to represent them at board meetings.

(2) A member, retired member, or designated beneficiary may appeal the retirement system's decisions that materially affect the amount of service retirement allowance, amount of service credit, eligibility for service retirement, or eligibility for survivorship benefits to which that member, retired member, or designated beneficiary claims to be entitled. All appeals must be in writing and filed with the retirement system within thirty (30) days of the claimant's first notice of the retirement system's decision. For purposes of this section, notice shall be complete and effective upon the date of mailing of the retirement system's decision to the claimant at the claimant's last known address. Failure by the claimant to file a written appeal with the retirement system within the thirty (30) day period shall result in the decision of the retirement system becoming permanent with the effect of a final and unappealable order. Appeals may include a request for an administrative hearing which shall be conducted in accordance with the provisions of KRS Chapter 13B. The board of trustees may establish an appeals committee whose members shall be appointed by the chairperson and who shall have the authority to act upon the report and recommendation of the hearing officer by issuing a final order on behalf of the full board of trustees. A member, retired member, or designated beneficiary who has filed a timely, written appeal of a decision of the retirement system may, following the administrative hearing and issuance of the final order by the board of trustees, appeal the final order of the board of trustees to the Franklin Circuit Court in accordance with the provisions of KRS Chapter 13B.

Section 3. KRS 161.310 is amended to read as follows:

(1) The board of trustees shall from time to time promulgate administrative regulations for the administration of the funds of the retirement system and for the transaction of business.

(2) All rules, regulations, or policies adopted by school districts, universities, or other employers participating in the Teachers' Retirement System that pertain to the retirement system shall conform to this chapter.

(3) All rules, regulations, or policies adopted, or decisions made, by school districts, universities, or other employers participating in the Teachers' Retirement System that pertain to retirement incentives for members as defined in KRS 161.220(4) shall contain provisions for the school district, university, or other employer to make full payment to the retirement system at the time a member retires for all actuarial obligations that occur to the retirement system as a result of retirement incentive payments. ***Any payment made by the employer to a member on the condition that the member terminate employment with the employer shall be deemed a retirement incentive for purposes of this subsection if the member retires within six (6) months following such termination in employment.*** This subsection shall not apply to retirement incentive plans adopted by local boards of education prior to December 31, 1997, and to those employees of local school districts who retired on or before July 1, 1998.

Section 4. KRS 161.340 is amended to read as follows:

(1) The board of trustees shall elect from its membership a chairperson and a vice chairperson on an annual basis as prescribed by the administrative regulations of the board of trustees. The board of trustees shall employ an executive secretary by means of a contract not to exceed a period of four (4) years and fix the compensation and other terms of employment for this position without limitation of the provisions of KRS Chapters 18A, 45A, 56, and KRS 64.640. The executive secretary shall be the chief administrative officer of the board. The executive secretary, at the time of employment, shall be a graduate of a four (4) year college or university, and shall possess qualifications as the board of trustees may require. The executive secretary shall not have held by appointment or election an elective public office within the five (5) year period next preceding the date of employment.

(2) The board shall employ clerical, administrative, and other personnel as are required to transact the business of the retirement system. The compensation of all persons employed by the board shall be paid at the rates and in amounts as the board approves. Anything in the Kentucky Revised Statutes to the contrary notwithstanding, the power over and the control of determining and maintaining an adequate complement of employees in the system shall be under the exclusive jurisdiction of the board of trustees.

(3) The board shall contract for actuarial, auditing, legal, medical, investment counseling, and other professional or technical services***, and commodities,*** as are required to carry out the obligations of the board in accordance with the provisions of this chapter without limitations, including KRS Chapters 12, 13B, 45, 45A, 56, and 57, and shall provide for legal counsel and other legal services as may be required in defense of trustees, officers, and employees of the system who may be subjected to civil action arising from the performance of their legally assigned duties if counsel and services are not provided by the Attorney General.

(4) The board shall require the trustees, executive secretary, and employees it determines proper to execute bonds for the faithful performance of their duties notwithstanding the limitations of KRS Chapter 62.

(5) The board of trustees may expend funds from the expense fund as necessary to insure the trustees, employees, and officials of the Teachers' Retirement System against any liability arising out of an act or omission committed in the scope and course of performing legal duties.

(6) Notwithstanding any statute to the contrary, employees shall not be considered legislative agents as defined in KRS 6.611.

Section 5. KRS 161.480 is amended to read as follows:

Each person, upon becoming a member of the retirement system, shall file a detailed statement as required by the board of trustees and shall designate a primary beneficiary or two (2) or more cobeneficiaries to receive any benefits accruing from the death of the member. A contingent beneficiary may be designated in addition to the primary beneficiary or cobeneficiaries. The member may name more than one (1) contingent beneficiary. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except in the event of subsequent marriage or divorce. Subsequent marriage by the member shall void the primary beneficiary and any cobeneficiary designation and the spouse of the member at death shall be considered as the primary beneficiary, unless the member subsequent to marriage designates another beneficiary. A final divorce decree shall terminate an ex-spouse's status as either primary beneficiary, cobeneficiary, or contingent beneficiary, unless subsequent to divorce the member redesignates the former spouse as primary beneficiary, cobeneficiary, or contingent beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under KRS 161.470(7). A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. ***If a member fails to designate a beneficiary, the member's estate shall be deemed to be the beneficiary. Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system.*** The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section. The provisions of this section shall not apply to any account from which a member is drawing a retirement allowance or to the life insurance benefit available under KRS 161.655.

Section 6. KRS 161.515 is amended to read as follows:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position on a full-time basis, which would be covered if in Kentucky.

(2) (a) An active contributing member who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit service rendered out of state, not to exceed ten (10) years actually taught as a certified or licensed teacher.[~~ With the exception of university faculty members,~~] All members who elect to purchase this service shall pay to the retirement system ***the full actuarial cost as defined in subsection (22) of Section 1 of this Act***[~~an amount equal to the current member contribution rate based on the first Kentucky salary of the member subsequent to the out-of-state service, provided this service was rendered after June 30, 1983. In the event this service was rendered prior to July 1, 1983, the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty-four hundredths percent (7.84%) based on the first Kentucky salary subsequent to the out-of-state service, regardless of when the service was rendered. Members shall pay to the retirement system the employer contribution at the rates set forth in KRS 161.550. In addition, all members shall pay interest on the contributions for this service at a rate to be set by the board of trustees on each annual~~

~~contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. The payments shall not be picked up as described in KRS 161.540(2)~~]. For each year of which the retirement system shall accept ***payment***[~~the contribution and interest~~], one (1) year of service credit shall be given. ***For members who purchased this service under the cost formula as it existed under this subsection on June 30, 2005,*** this credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section ***who purchased this service under the cost formula as it existed under those subsections on June 30, 2005,*** may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.01-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

(5) ***Service purchased under this section by members who at the time of purchase are employed by employers other than those described under Section 1(4)(b) or (n) of this Act shall be credited, as described under KRS 161.620(1)(a) and (b), with a retirement factor of two and one-half percent (2.5%) for each year of service that was originally performed on or after July 1, 1983, and two percent (2%) for each year of service performed before July 1, 1983. Service purchased under this section by members who at the time of purchase are employed by employers described under Section 1(4)(b) or (n) of this Act shall be credited, as described under KRS 161.620(1)(a), with a retirement factor of two percent (2%) for each year of service regardless of when the service was performed***[~~Notwithstanding any other provisions of this section to the contrary, purchase of service credit for out-of-state teaching, Kentucky Peace Corps, and federal Peace Corps service on July 1, 2005, or thereafter shall be purchasable only at full actuarial cost~~].

Section 7. KRS 161.520 is amended to read as follows:

Upon the death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as the primary beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred forty dollars ($240) per month when the surviving widow or widower's total income from all sources does not exceed six thousand six hundred dollars ($6,600) per year or five hundred fifty dollars ($550) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower of a member who dies after July 1, 1978, shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be two hundred dollars ($200) per month in the case of one (1) child, three hundred forty dollars ($340) per month in the case of two (2) children, four hundred dollars ($400) per month in the case of three (3)

children, and four hundred forty dollars ($440) per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (3) of this section. ***Notwithstanding any provision to the contrary, the surviving spouse may elect to receive a lump-sum refund of the member's account in lieu of the survivorship benefits payable under subsection (1) of this section and this subsection only if the surviving spouse is designated as the primary beneficiary and is a biological or adoptive parent of all the children eligible for a benefit under this subsection and has not had his or her parental rights terminated, or only if the surviving spouse has been appointed as legal guardian of all of the children eligible for a benefit under this subsection. To elect a lump-sum refund of the member's account under these conditions, the surviving spouse shall sign a waiver on forms prescribed by the retirement system of his or her rights, and the member's children's rights, to the survivorship benefits payable under subsection (1) of this section and this subsection. The surviving spouse may not waive the survivorship benefits available under subsection (1) of this section or this subsection if any of the member's children have attained age eighteen (18) or older unless those children consent in writing on forms prescribed by the retirement system to waive their survivorship benefits available under this subsection.***

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(14). Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section. ***Notwithstanding any provision to the contrary, the surviving spouse may not elect to receive a lump-sum refund of the member's account in lieu of the survivorship benefits payable under subsection (1) of this section and this subsection, unless the member's children have been adjudicated incompetent to make decisions on their own behalf by a court of law and the surviving spouse has been appointed by the court as guardian, conservator, or other fiduciary with sufficient general or specific authority to waive the survivorship benefits available under this subsection. Otherwise, the surviving spouse may not waive the benefits payable under this subsection. Only spouses who are designated as the primary beneficiary may make this election. If eligible to elect a lump-sum refund of the member's account under these conditions, the surviving spouse shall sign a waiver on forms prescribed by the retirement system of his or her rights, and the member's children's rights, to the survivorship benefits payable under subsections (1) and (2) of this section and this subsection.***

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for same period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating to eligibility or dependency, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary.

(8) No payment of benefits shall be made unless the board of trustees authorizes the payment. The board shall promulgate administrative regulations for the administration of the provisions in this section and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.

(9) ***If***[~~In the event that~~] there are no eligible survivors as defined in subsections (1) to (5) of this section, ***or if the surviving spouse elects not to receive survivorship benefits on his or her own behalf and on behalf of any of the member's children as permitted under subsections (2) and (3) of this section,*** the board of trustees shall pay to the estate or ***the designated beneficiaries***[~~assigns~~] of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of the accumulated contributions.

(10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the

Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits.

Section 8. KRS 161.522 is amended to read as follows:

Upon the death of a member retired for disability who had a minimum of twenty-seven (27) years of service at the time of death, except as provided in KRS 161.661(6), the spouse, if named as the ***primary*** beneficiary of the member's account, shall be entitled to elect, in lieu of a refund of the member's account, an annuity actuarially equivalent to the annuity that would have been paid to the deceased member had retirement for service been effective on the day immediately preceding the member's death. ***This option shall be available only during the entitlement period described under KRS 161.661(3) and (4) prior to the recalculation of the member's disability allowance under KRS 161.661(5).*** In selecting this right, the spouse shall be limited to selecting an option providing a straight life annuity with refundable balance or a term certain option. There shall be a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This section applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1988, and to surviving spouses of members who die on or after July 1, 1984, except that the member shall have been retired for disability with a minimum of thirty (30) years of service if either of these two (2) conditions were met prior to July 1, 1990.

Section 9. KRS 161.540 is amended to read as follows:

(1) Effective July 1, 1988, each member shall contribute to the retirement system nine and eight hundred fifty-five thousandths percent (9.855%) of annual compensation, except that university ***employees who participate in the Kentucky Teachers' Retirement System***[~~faculty members~~] shall contribute eight and three hundred seventy-five thousandths percent (8.375%) of annual compensation. Payments authorized by statute that are made to retiring members for not more than sixty (60) days of unused accrued annual leave shall be considered as part of the member's annual compensation, and shall be used only for the member's final year of active service. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. In the event a member is awarded a court-ordered back salary payment the employer shall deduct and remit the member contribution on the salary payment, plus interest to be paid by the employer, to the retirement system unless otherwise specified by the court order.

(2) Each public board, institution, or agency listed in KRS 161.220(4) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the member contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). The picked-up member contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the member contribution, and the picked-up member contribution shall be in lieu of a member contribution. Each employer shall pay these picked-up member contributions from the same source of funds which is used to pay earnings to the member. The member shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Member contributions picked-up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as member contributions made prior to August 1, 1982.

Section 10. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees if contributions were not otherwise made as a result of the service. Members placed on leave of absence ***during a period of full-time employment as defined in subsection (21) of Section 1 of this Act*** may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence ***during a period of full-time employment as defined in subsection (21) of Section 1 of this Act*** since July 1, 1964, for reasons of health as defined under the Federal Family Medical Leave Act of 1993, 29 U.S.C. secs. 2601 et seq., child rearing, or to improve their educational qualifications, and did not ***purchase***[~~qualify at the time of~~] the leave of absence[~~ to make contributions to the retirement system for the leave of absence~~] as provided in subsection (1) of this section, may obtain credit for the leave of absence under the following conditions:

   (a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence or by other documentation that was generated contemporaneously with the leave that is determined by the retirement system to reasonably establish that a leave of absence was granted; and

   (b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing in the state accumulation fund an amount equal to this total.

(c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3) Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

Section 12. KRS 161.568 is amended to read as follows:

(1) Eligibility to participate in the optional retirement plan shall be determined by the board of regents of each of the state public postsecondary education institutions identified in KRS 161.220(4)(b). The employees of these institutions of higher education who are initially employed on or after the implementation date of the optional retirement plan may make an election to participate in the optional retirement plan within thirty (30) days after their employment date. This election shall be irrevocable except as otherwise provided in this subsection. No member of the Kentucky Teachers' Retirement System who terminates employment and is subsequently reemployed by the same or another public postsecondary education institution which participates in the Kentucky Teachers' Retirement System may be eligible to elect to participate in the optional retirement plan unless the date of reemployment is at least six (6) months after the date of termination. ***All elections made under this subsection shall be in writing and shall be filed with the appropriate officer of the employer institution. Persons who originally elected to participate in the optional retirement plan may later change their election only as follows:***

(a) Any person ***otherwise eligible for membership in the Kentucky Teachers' Retirement System***[~~who previously elected to participate in the optional retirement plan~~] may irrevocably elect one (1) time during his or her lifetime to change his or her election and to prospectively participate in the Kentucky Teachers' Retirement System. This election to change from the optional retirement plan to Kentucky Teachers' Retirement System shall be effective beginning on the first day of the first month immediately following the date that written application for the election is received in the retirement system's office on forms prescribed by the system. ***Persons exercising this election shall not be entitled to purchase as service credit in the Kentucky Teachers' Retirement System any prior service with his or her postsecondary institution employer.***

(b) Any person otherwise eligible for membership in the Kentucky Teachers' Retirement System who previously elected to participate in the optional retirement plan may irrevocably elect one (1) time within his or her first six (6) years and six (6) months of continuous service in any one (1) or more of the institutions identified in subsection (4)(b) of Section 1 of this Act, to change his or her election and to prospectively participate in the Kentucky Teachers' Retirement System and also become eligible to purchase as service credit his or her prior service with his or her postsecondary education employer. This election to change from the optional retirement plan to the Kentucky Teachers' Retirement System shall be effective beginning on the first day of the first month immediately following the date that written application for the election is received in the retirement

system's office on forms prescribed by the retirement system. Persons electing to change from the optional retirement plan to the Kentucky Teachers' Retirement System may purchase service credit only for their prior years of service for a postsecondary education institution identified under subsection (4)(b) of Section 1 of this Act during which they participated in the optional retirement plan. The election to purchase prior service as service credit shall be received in the retirement system's office on forms prescribed by the retirement system within the six (6) year and (6) month period provided to make the election to begin participation in the Kentucky Teachers' Retirement System. The cost of purchasing this service shall be calculated by adding both the employer and member contributions that would have been paid to the Kentucky Teachers' Retirement System had the individual purchasing this service participated in the Kentucky Teachers' Retirement System instead of the optional retirement plan, less the amount contributed to the Kentucky Teachers' Retirement System by the postsecondary institution as provided by subsection (5) or subsection (5)(a)2. of Section 13 of this Act as they existed on June 30, 2007. Interest at Kentucky Teachers' Retirement System's actuarially assumed rate shall be paid on these net contributions by the person electing to change to the Kentucky Teachers' Retirement System from the optional retirement plan. These payments shall not be picked up as described in subsection (2) of Section 9 of this Act. Persons who elect to change from the optional retirement plan to the Kentucky Teachers' Retirement System may elect to purchase as service credit, beginning with the most recent years, any portion of their prior years of service during which they participated in the optional retirement plan, or none of those years. Members may purchase service credit for prior years of service by rolling over funds from their optional retirement plan account as provided under KRS 161.5461.

(c) Effective July 1, 2007, persons otherwise eligible for membership in the Kentucky Teachers' Retirement System may irrevocably elect one (1) time to change their election and to prospectively participate in the Kentucky Teachers' Retirement System and purchase service credit for their prior years of service during which they participated in the optional retirement plan. This election shall be filed in writing with the Kentucky Teachers' Retirement System no later than December 31, 2007. Persons who change their election prior to July 1, 2007, to prospectively participate in the Kentucky Teachers' Retirement System may purchase service credit for their prior years of service during which they participated in the optional retirement plan. The purchase of prior years of service under this subsection shall be subject to the same conditions and purchase costs as described in paragraph (b) of this subsection, except that the election to purchase service credit shall be on file with the Kentucky Teachers' Retirement System no later than December 31, 2007.

(d) Persons electing to change to the Kentucky Teachers' Retirement System under paragraphs (a), (b), and (c) of this subsection shall be eligible to participate, based upon their age and allowable service credit, in the disability, survivorship, and medical insurance programs under the conditions and in the degree as they exist on the date that they file their election with the retirement system, but shall be subject to any changes to those programs from that date forward, including any changes that may affect their eligibility for or degree of participation in those programs. Prior service purchased as service credit as permitted under paragraphs (b) and (c) of this subsection shall not be considered for meeting eligibility requirements or determining the extent of participation in these programs. Persons electing to change to the Kentucky Teachers' Retirement Systems shall not be eligible for the survivorship or disability programs based upon medical conditions that existed prior to the filing of their election[~~These elections shall be made in writing and filed with the appropriate officer of the employer institution~~].

(2) Elections of eligible employees hired on or after the implementation date of the optional retirement plan at their employer institution shall be effective on the date of their employment. If an eligible employee hired subsequent to the implementation date at the employer institution fails to make the election provided for in this section, he shall become a member of the regular retirement plan of the Kentucky Teachers' Retirement System.

Section 13. KRS 161.569 is amended to read as follows:

(1) Any person electing to participate in the optional retirement plan shall be ineligible for membership in the regular retirement plan of the Kentucky Teachers' Retirement System for as long as he is employed in a position for which the optional retirement plan is available, except as provided in KRS 161.568(1).

(2) Any person electing to participate in the optional retirement plan shall acknowledge in writing that the benefits payable to participants are not the obligation of the Commonwealth of Kentucky or the Kentucky Teachers' Retirement System, and that these benefits and other rights of the optional retirement plan are the liability and responsibility solely of the designated companies to which contributions have been made.

(3) Benefits shall be payable to optional retirement plan participants or their beneficiaries by the designated companies in accordance with the contracts issued by each company and the retirement plan provisions adopted by each public institution.

(4) Annuity contracts issued under the optional retirement plan and all rights of a participant in the optional retirement plan shall be exempt from any state, local, or municipal tax; assessment for the insolvency of any life, health, or casualty insurance company; any levy or sale, garnishment, or attachment; or any process whatsoever, and shall be unassignable except as otherwise specifically provided by the contracts offered under the optional retirement plan adopted by the respective public institutions of higher education. Except contracts issued and rights accrued in the optional retirement

plan on or after January 1, 1998, shall be subject to the tax imposed by KRS 141.020, to the extent provided in KRS 141.010 and 141.0215.

(5) [~~(a)~~]Each institution shall contribute ***for each payroll period of each fiscal year***[~~on behalf of each participant in its optional retirement program the following:~~

~~1. To the designated company or companies, an amount equal to the amount that would have been payable to the Kentucky Teachers' Retirement System if the member had elected to participate in that plan instead of the optional retirement plan, less the amount contributed to the Kentucky Teachers' Retirement System pursuant to subparagraph 2. of this paragraph; and~~

~~2.~~] to the Kentucky Teachers' Retirement System, an amount equal to ***five and one-tenth percent (5.1%) of the total salaries of all persons who elect or elected to participate in the optional retirement plan instead of the Kentucky Teachers' Retirement System***[~~the contribution which would have been payable to the Kentucky Teachers' Retirement System on account of the unfunded liability if the member had elected to participate in that plan instead of the optional retirement plan. The rate of contribution shall be determined annually by the Kentucky Teachers' Retirement System actuary.~~] This payment shall continue to be made[~~ on behalf of all participants in the optional retirement plan~~] until July 1, ***2048***[~~2018, the current amortization period of the Kentucky Teachers' Retirement System.~~

~~(b) Each participant shall contribute an amount equal to the present member contribution to the Kentucky Teachers' Retirement System. Employee contributions to the optional retirement plan shall be made by salary reduction under either Section 403(b) or 414(h) of the Internal Revenue Code of 1986~~].

Section 14. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1988, a member of the retirement system may qualify for service retirement by meeting one (1) of the following requirements:

(a) Attainment of age sixty (60) years and completion of five (5) years of Kentucky service;

(b) Attainment of age fifty-five (55) years and completion of a minimum of five (5) years of Kentucky service with an actuarial reduction of the basic allowance of five percent (5%) for each year the member's age is less than sixty (60) years or for each year the member's years of Kentucky service credit is less than twenty-seven (27), whichever is the lesser number;

(c) Completion of twenty-seven (27) years of Kentucky service. Out-of-state service earned in accordance with the provisions of KRS 161.515(2) may be used to meet this requirement; or

(d) Completion of the necessary years of service under provisions of KRS 61.559(2)(c) if the member is retiring under the reciprocity provisions of KRS 61.680. A member retiring under this paragraph who has not attained age fifty-five (55) shall incur an actuarial reduction of the basic allowance determined by the system's actuary for each year the member's service credit is less than twenty-seven (27).

(2) Any person who has been a member in Kentucky for twenty-seven (27) years or more and who withdraws from covered employment may continue to pay into the fund each year until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during the member's last full year in covered employment, less any payment received for accrued sick leave or accrued leave from an employer. The member shall be entitled to receive a retirement allowance as provided in KRS 161.620 at any time after withdrawing from covered employment and payment of contributions under this subsection. No member shall make contributions as provided for in this subsection if the member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(3) Service credit in the Kentucky Employees Retirement System, the State Police Retirement System, the Legislators' Retirement Plan, the County Employees Retirement System, or the Judicial Retirement System may be used in meeting the service requirements of subsection (1)(a), (b), and (c) of this section, provided the service is subsequent to July 1, 1956. Upon death, disability, or service retirement, a member's accounts under all state supported retirement systems shall be consolidated, as provided by this section and by KRS 61.680, for the purpose of determining eligibility and amount of benefits, which shall include medical benefits. Upon determination of benefits, each system shall pay the applicable percentage of total benefits. The effective date of retirement under this subsection shall be determined by each retirement system for the portion of the payments that will be made.

(4) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with administrative regulations of the board of trustees. ***A member may withdraw his or her retirement application, postpone his or her effective retirement date, or change his or her retirement option if those elections are made no later than the fifteenth day of the first month that the member has made application for retirement.***

(5) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to the member's death.

Section 15. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. ***Nonqualified*** service credit purchased under the provisions of KRS 161.5465***, or elsewhere with any state-administered retirement system,*** may not be used to meet the thirty (30) year requirement set forth in this subsection. ***Out-of-state teaching service provided in public schools for kindergarten through grade twelve (12) may count toward the thirty (30) year requirement set forth in this subsection even if it is not purchased as service credit, if the member obtains from his or her out-of-state employer certification of this service on forms prescribed by the retirement system.***

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered.

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis.

(4) Under this section, an employer may employ full-time a number of retired members not to exceed three percent (3%) of the membership actively employed full-time by that employer. The board of trustees may reduce this three percent (3%) cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the three percent (3%) cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year.

(5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will contribute to an account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The second account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this second account shall be calculated pursuant to KRS 161.620(1)(b). This second account shall not entitle the member to a duplication of the benefits offered under KRS 161.620(7)[~~, 161.655,~~] or 161.675, nor shall this second account provide the benefits offered by KRS 161.520, 161.525, ***161.620(3), Section 22 of this Act,*** 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470.

(6) The board of trustees may annually, on July 1, adjust the current daily rate of a member's last annual compensation, for

each full twelve (12) month period that has elapsed subsequent to the member earning his or her last annual compensation, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. Each annual adjustment shall become part of the member's daily rate base. Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations. ***Notwithstanding any other statute or provision to the contrary, members retiring from local school districts who return to work for a local school district under subsection (1) or (2) of this section shall be entitled, without any reduction to their retirement allowance or any other retirement benefit, to earn a minimum amount equal to the base contract salary for the lowest rank and step on the certified teachers' salary schedule effective at the school district for which they return to work.***

(7) (a) A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer.

(b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. For purposes of measuring the separation-from-service requirements set forth throughout this section, a member's separation-from-service begins on the first day following the last day of paid employment for the member prior to retirement.

(c) Failure to comply with the separation-from-service requirements in this subsection voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service.

(8) (a) Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under KRS 161.220(21), whichever number is greater. Retired members returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under KRS 161.550. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.

(b) The Department of Education may employ retired members in full-time or part-time teaching positions without the limitations on compensation otherwise required by subsections (1) and (2) of this section to fill critical shortage areas in the schools it operates, including the Kentucky School for the Blind, the Kentucky School for the Deaf, and the Kentucky Virtual High School. The department shall be subject to the same requirements as local school districts as provided in paragraph (a) of this subsection.

(9) Members who retired on or before June 30, 2002, ***and who continued employment under the one hundred (100) day provisions through the 2006-2007 fiscal year,*** may, ***through***[~~for~~] the fiscal year concluding on June 30, ***2010***[~~2007~~], ***continue to*** be reemployed under the one hundred (100) day provisions of this section as they existed on June 30, 2002, except that members returning to work under those provisions shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540 and members' employers shall make contributions to the

Kentucky Teachers' Retirement System at the rates specified under KRS 161.550. Those members returning to work under the one hundred (100) day provisions of this section as they existed on June 30, 2002, shall further waive their medical insurance coverage with the retirement system during the period of reemployment and will instead receive the medical insurance coverage generally provided by their active employer to other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. Notwithstanding any other statute to the contrary, retired members returning to work shall under no circumstances be permitted to purchase as service credit service provided under the one hundred (100) day provisions of this section as they existed on June 30, 2002. Any member who exceeds the one hundred (100) day limitation of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefits to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding one hundred (100) days.

(10) ***Notwithstanding any statute to the contrary,*** the return to work limitations set forth in this section and KRS 161.603 shall apply to retired members who are returning to work in the same position from which they retired, ***a position described in KRS 161.046*** or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section and KRS 161.603. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection.

(11) The provisions of subsections (1) to (9) of this section are not subject to KRS 161.714.

(12) Retired members may be employed in a part-time teaching capacity by an agency described in KRS 161.220(4)(b) or (n), not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. Retired members may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by an agency described in KRS 161.220(4)(b) or (n) in a position that would otherwise be covered by the retirement system. The return to work provisions set forth in subsections (1) to (9) of this section shall not apply to retired members who return to work solely for an agency described in KRS 161.220(4)(b) or (n). Calculation of the number of days and teaching hours for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding twelve (12) hours, one hundred (100) days, or any apportionment of the two (2) combined.

(13) When a retired member returns to employment in a part-time teaching capacity or in a nonteaching capacity as provided in subsection (12) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for retired members who return to work under subsection (12) of this section.

(14) For retired members who return to work during any one (1) fiscal year in both a position described in KRS 161.220(4)(b) or (n) and in a position described under another provision under KRS 161.220(4), and for retired members who return to work in a position described under KRS 161.220(4)(b) or (n) in both a teaching and an administrative or nonteaching capacity, the board of trustees shall adopt a methodology for a pro rata apportionment of days and hours that the retired member may work in each position.

Section 16. KRS 161.612 is amended to read as follows:

Effective July 1, 2002, any individual occupying a position on a part-time basis that requires certification or graduation from a four (4) year college or university as a condition of employment and any individual providing part-time or substitute teaching services that are the same or similar to those teaching services provided by certified, full-time teachers shall be a member of the Kentucky Teachers' Retirement System, according to the conditions ***and only to the extent*** set forth in this section, if the individual is employed by one (1) of the public boards, institutions, or agencies set forth in KRS 161.220, excluding those public boards, institutions, and agencies described in KRS 161.220(4)(b) and (n). Members providing part-time and substitute services shall participate in the retirement system as follows:

(1) Members providing part-time and substitute services shall accrue service credit as provided under KRS 161.500 and be entitled to a retirement allowance upon meeting the service retirement conditions of KRS 161.600. The board of trustees shall adopt a methodology for accrediting service credit to these members on a pro rata basis. The methodology adopted by the board of trustees may be amended as necessary to ensure its actuarial soundness. The retirement allowance for members providing part-time and substitute services shall be calculated pursuant to KRS 161.620. Members providing part-time and substitute services who meet the service retirement conditions of KRS 161.600 may also be eligible to

participate as approved by the board of trustees in the medical insurance program provided by the retirement system under KRS 161.675. Members providing part-time and substitute services shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540. A member who provides part-time or substitute services, or in the event of the death of the member, the member's estate or applicably designated beneficiary, will be entitled, within ninety (90) days of the posting of the annual report submitted by the member's employer, to a refund of contributions as permitted and limited by KRS 161.470.

(2) The board of trustees shall adopt eligibility conditions under which members providing part-time and substitute services may participate in the benefits provided under KRS 161.520, 161.655, 161.661, and 161.663. The board of trustees may ***permit***~~[adopt eligibility conditions under which]~~ members providing part-time or substitute services may participate in other benefits offered by the retirement system ***by promulgating administrative regulations that establish eligibility conditions for participation in those benefits***. All eligibility conditions adopted by the board of trustees pursuant to this subsection may be amended as necessary to ensure their actuarial soundness.

(3) In addition to the pro rata methodology adopted by the board of trustees under subsection (1) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding the accrual, retention, accreditation, and use of service credit that apply to members providing full-time services. In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services.

(4) Notwithstanding any other provisions of this section to the contrary, instructional assistants who provide teaching services in the local school districts on a full-time basis in positions covered by the County Employees Retirement System who are used as substitute teachers on an emergency basis for five (5) days or less during any one (1) fiscal year shall not be considered members of the Teachers' Retirement System during that period in which they are serving as substitute teachers for five (5) days or less.

(5) The board of trustees may adopt a pro rata methodology to determine the annual compensation of members providing part-time and substitute services in order to determine benefits provided under KRS 161.661 and 161.663. Members providing part-time and substitute services who had retirement contributions posted to their accounts during the previous fiscal year and who have not had those contributions refunded to them are eligible to vote for the board of trustees.

(6) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(7) The provisions of this section are not subject to KRS 161.714.

Section 17. KRS 161.614 is amended to read as follows:

A court order awarding additional back salary to or reinstating a member as a result of employment in a position covered by the Kentucky Teachers' Retirement System shall entitle the member to additional salary or service credit, or both, under the following circumstances:

(1) Members shall make contributions to the Kentucky Teachers' Retirement System at the rate set forth in KRS 161.540 and members' employers shall make contributions at the rate set forth in KRS 161.550, with interest accruing on all contributions at the rate of eight percent (8%) per annum from the end of each fiscal year that back salary or the reinstatement was ordered. Contributions, plus interest, shall be made for each year that back salary or reinstatement was ordered. No service or salary credit shall be credited to a member's account unless full contributions are paid to the Kentucky Teachers' Retirement System.

(2) The member may have court-ordered back salary credited to his or her account only to the extent that the member actually received payment for the back salary and only to the extent that the court-ordered back salary is within the salary scale that was available to the member in the covered position for the years that the back salary was awarded. Court-ordered back salary can be credited to the member's account only as permitted under KRS 161.220(9) and (10). The member may have court-ordered service credited to his or her account only after the retirement system has received the contributions and interest on the full compensation that would normally be earned in the position that is the subject of the litigation.

(3) The member's employer ordered to pay back salary or to reinstate the member by a court of competent jurisdiction shall provide the retirement system with a breakdown of the back salary awarded to the member on a year-by-year basis.

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made.

(5) For purposes of this section, a settlement agreement that provides back salary or reinstatement, and is adopted by order or judgment of a court of competent jurisdiction or is referenced in an order dismissing the action as settled shall have the same effect as a court order adjudicating the matter. Orders entered by a government board or agency as a result of

litigation conducted on an administrative hearing level ***and legally binding arbitration awards*** shall be considered as court orders for the purposes of this section.

(6) Under no circumstances shall a member be entitled to service credit as a result of court-ordered reinstatement that is in violation of the provisions of KRS 161.500.

Section 18. KRS 161.623 is amended to read as follows:

(1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the Teachers' Retirement System may compensate, at the time of retirement for service, an active contributing member for unused sick-leave days in accordance with this section.

(2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. ***Notwithstanding any statute to the contrary,***[~~Such~~] sick-leave credit ***that is accredited under this section or by one (1) of the other state-administered retirement systems*** shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance ***from the Kentucky Teachers' Retirement System***.

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(10) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

(7) Payments to the retirement system for service credit obtained under this section or for compensation credit obtained under KRS 161.155(10) shall be based on the full actuarial cost as defined in KRS 161.220(22).

Section 19. KRS 161.630 is amended to read as follows:

(1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The retirement option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:

(a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement that provides continuing benefits to a spousal beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or

(b) Following marriage or remarriage, or the death of the designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.

(3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the life annuity with refundable balance option or the predetermined years certain and life thereafter option. ***A member may remove a beneficiary at any time, but may not designate a substitute beneficiary. Should a member elect to remove a beneficiary, the member's retirement allowance will not change regardless of the retirement option selected by the member, even if the removed beneficiary predeceases the member.***

(4) A member who experiences a qualifying event under subsection (2) of this section and who elects a new optional plan of payment shall make that election within sixty (60) days of the qualifying event.

Section 20. KRS 161.640 is amended to read as follows:

(1) Retirement annuities shall be payable monthly. The first payment to an annuitant shall be made at the payment date at the end of one (1) full payment period after his retirement and shall consist of one (1) regular monthly payment. Retirement for a member receiving one (1) full year of service credit during a fiscal year shall be no earlier than July 1 next following the end of such fiscal year. Notwithstanding any other statutory provisions to the contrary, members filling positions that customarily require twelve (12) months of service during a fiscal year cannot retire prior to July 1 without a corresponding pro rata reduction in salary and service credit. The board of trustees may determine which positions customarily require twelve (12) months of service during a fiscal year.

(2) The board of trustees may enter into agreements with retired members for payroll deductions when it is deemed in the best interest of the retired members and the retirement system.

(3) All new retirees, on or after July 1, 1998, shall receive their monthly annuity checks by electronic fund transfer. All ***retiree, beneficiary,***[~~annuity~~] and survivor monthly allowance payments***, except as otherwise provided by this subsection,*** shall be made by electronic fund transfer by December 31, 1998. ***Except as otherwise provided in this subsection, all monthly payments shall be made payable only to an account solely in the name of the retiree, beneficiary, or survivor as an individual and natural person, or to a joint account in the name of the retiree, beneficiary, or survivor as an individual and natural person and another individual. When the retiree, beneficiary, or survivor is a resident of a nursing or assisted-care home, monthly payments may be paid to the order of the nursing or assisted-care home for the benefit of the retiree, beneficiary, or survivor by including the retiree's, beneficiary's, or survivor's name. Monthly annuity checks paid to a nursing or assisted-care home may be sent by mail rather than electronic fund transfer.***

Section 21. KRS 161.650 is amended to read as follows:

(1) In the case of death of a member who has retired by reason of service or disability, any portion of the member's accumulated contributions, including member contributions to the state accumulation fund and regular interest to the date of retirement, that has not, and will not be paid as an allowance or benefit shall be paid to the member's beneficiary in such manner as the board of trustees elects.

(2) The member may designate a primary beneficiary or two (2) or more cobeneficiaries to receive any remaining accumulated member contributions payable under this section. A contingent beneficiary may be designated in addition to the primary beneficiary or the cobeneficiaries. The member may designate two (2) or more contingent beneficiaries. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of any remaining accumulated member contributions. ***Members may designate only a single class of individuals, or trusts where otherwise permitted, as cobeneficiaries or contingent beneficiaries to share in equal proportions in any payment that may become available under this section.*** Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. In the event that the member fails to designate a beneficiary, any remaining accumulated member contributions shall be payable to the member's estate.

Section 22. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall:

(a) Provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. This life insurance benefit shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system; and

(b) Provide a life insurance benefit in a minimum amount of two thousand dollars ($2,000) for its active contributing members. This life insurance benefit shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system.

(2) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life insurance benefit. ***Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system. If a member fails to designate a beneficiary, the member's estate shall be deemed to be the beneficiary.*** Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(4) Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

Section 23. KRS 161.675 is amended to read as follows:

(1) The board of trustees shall arrange by appropriate contract or on a self-insured basis to provide a broad program of group hospital and medical insurance for present and future eligible recipients of a retirement allowance from the Teachers' Retirement System. The board of trustees may also arrange to provide health insurance coverage through an insurer licensed pursuant to Subtitle 38 of KRS Chapter 304 and offering a managed care plan as defined in KRS 304.17A-500 as an alternative to group hospital and medical insurance for persons eligible for hospital and medical benefits under this

section. The board of trustees may authorize present and future eligible recipients of a retirement allowance from the Teachers' Retirement System who are less than age sixty-five (65) to be included in the state-sponsored health insurance that is provided to active teachers and state employees under KRS 18A.225. Members who are sixty-five (65) or older and retired for service shall not be eligible to participate in the state employee health insurance program as described in KRS 18A.225.

(2) The coverage provided shall be as set forth in the contracts and the administrative regulations of the board of trustees. The board of trustees may change the levels of coverage and eligibility conditions to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and administrative regulations shall provide for but not be limited to hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. An annuitant whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years' creditable Kentucky service in the Teachers' Retirement System or five (5) years of combined creditable service in the state-administered retirement systems if the member is retiring under the reciprocity provisions of KRS 61.680 and 61.702. ***An annuitant***~~[A member retiring under the reciprocity provisions of KRS 61.680 and 61.702]~~ may not elect coverage through more than one (1) of the state-administered retirement systems. The board of trustees shall offer coverage to the disabled child of an annuitant regardless of the disabled child's age if the annuitant pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(3) All expenses for benefits under this section shall be paid from the funding provisions contained in KRS 161.420(5), premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute.

(4) (a) The board of trustees shall determine the amount of health insurance supplement payments that the Teachers' Retirement System will provide to assist eligible annuitants in paying the cost of their health insurance, based on the funds available in the medical insurance fund. The board of trustees shall establish the maximum monthly amounts of health insurance supplement payments that will be made by the retirement system for eligible annuitants. The board of trustees shall annually establish the percentage of the maximum monthly health insurance supplement payment that will be made, based on age and years of service credit of eligible recipients of a retirement allowance. Monthly health insurance supplement payments made by the retirement system may not exceed the amount of the single coverage insurance premium chosen by the eligible annuitants. In order to qualify for health insurance supplements made by the retirement system, the annuitant must agree to pay the difference between the insurance premium and the applicable supplement payment, by payroll deduction from his retirement allowance, or by a payment method approved by the retirement system.

(b) The board of trustees may offer, on a full-cost basis, health care insurance coverage provided by the retirement system to spouses and dependents of eligible annuitants not otherwise eligible for regular coverage. Recipients of a retirement allowance from the retirement system must agree to pay the cost of this coverage by payroll deduction from their retirement allowance or by a payment method approved by the retirement system.

(c) The board of trustees shall offer, on a full-cost basis, health insurance coverage provided by the retirement system to the disabled child of an annuitant, regardless of the age of the disabled child. A child shall be considered disabled for purposes of this section if the child has been determined to be eligible for federal Social Security disability benefits.

(5) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the hospital and medical insurance program. The board of trustees is empowered to pay the expenses for insurance coverage from the medical insurance fund, from the premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute. The board may provide insurance coverage by making payment to insurance carriers including health insurance plans that are available to active and retired state employees and active teachers, institutions, and individuals for services performed, or the board of trustees may elect to provide insurance on a "self-insurance" basis or a combination of these provisions.

(6) The board of trustees may approve health insurance supplement payments to eligible annuitants who are less than sixty-five (65) years of age, as reimbursement for hospital and medical insurance premiums made by annuitants for their individual coverage. Eligible annuitants or recipients are those annuitants who are not eligible for Medicare and who do not reside in Kentucky or in an area outside of Kentucky where comparable coverage is available. The reimbursement payments shall not exceed the minimum supplement payment that would have been made had the annuitant lived in Kentucky. Eligible annuitants or recipients shall submit proof of payment to the retirement system for hospital and medical insurance that they have obtained. Reimbursement payments shall be made on a quarterly basis.

(7) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(8) The board of trustees is empowered to promulgate administrative regulations to assure efficient operation of the hospital and medical insurance program.

(9) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance

fund shall not constitute taxable income to an insured recipient.

(10) In the event that a member is providing services on less than a full-time basis under KRS 161.605, the retirement system may pay the full cost of the member's health insurance coverage for the full fiscal year that the member is providing those services, at the conclusion of which, the retirement system may then bill the active employer and the active employer shall reimburse the retirement system for the cost of the health insurance coverage incurred by the retirement system on a pro rata basis for the time that the member was employed by the active employer.

The Committee Substitute to **HB 461** is as follows:

HB 461, AN ACT relating to retired teachers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.220 is amended to read as follows:

As used in KRS 161.220 to 161.716 and KRS 161.990:

(1) "Retirement system" means the arrangement provided for in KRS 161.230 to 161.716 and KRS 161.990 for payment of allowances to members;

(2) "Retirement allowance" means the amount annually payable during the course of his natural life to a member who has been retired by reason of service;

(3) "Disability allowance" means the amount annually payable to a member retired by reason of disability;

Section 2. KRS 161.250 is amended to read as follows:

(1) The general administration and management of the retirement system, and the responsibility for its proper operation and for making effective provisions of KRS 161.155 and 161.220 to 161.714 are vested in a board of trustees to be known as the "Board of Trustees of the Teachers' Retirement System of the State of Kentucky." All appeals must be in writing and filed with the retirement system within thirty (30) days of the claimant's first notice of the retirement system's decision. For purposes of this section, notice shall be complete and effective upon the date of mailing of the retirement system's decision to the claimant at the claimant's last known address. Failure by the claimant to file a written appeal with the retirement system within the thirty (30) day period shall result in the decision of the retirement system becoming permanent with the effect of a final and unappealable order. Appeals may include a request for an administrative hearing which shall be conducted in accordance with the provisions of KRS Chapter 13B. The board of trustees may establish an appeals committee whose members shall be appointed by the chairperson and who shall have the authority to

act upon the report and recommendation of the hearing officer by issuing a final order on behalf of the full board of trustees. A member, retired member, or designated beneficiary who has filed a timely, written appeal of a decision of the retirement system may, following the administrative hearing and issuance of the final order by the board of trustees, appeal the final order of the board of trustees to the Franklin Circuit Court in accordance with the provisions of KRS Chapter 13B.

Section 4. KRS 161.340 is amended to read as follows:

(1) The board of trustees shall elect from its membership a chairperson and a vice chairperson on an annual basis as prescribed by the administrative regulations of the board of trustees. The board of trustees shall employ an executive secretary by means of a contract not to exceed a period of four (4) years and fix the compensation and other terms of employment for this position without limitation of the provisions of KRS Chapters 18A, 45A, 56, and KRS 64.640. The executive secretary shall be the chief administrative officer of the board. The executive secretary, at the time of employment, shall be a graduate of a four (4) year college or university, and shall possess qualifications as the board of trustees may require. (4) The board shall require the trustees, executive secretary, and employees it determines proper to execute bonds for the faithful performance of their duties notwithstanding the limitations of KRS Chapter 62.

(5) The board of trustees may expend funds from the expense fund as necessary to insure the trustees, employees, and officials of the Teachers' Retirement System against any liability arising out of an act or omission committed in the scope and course of performing legal duties.

Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except in the event of subsequent marriage or divorce. Subsequent marriage by the member shall void the primary beneficiary and any cobeneficiary designation and the spouse of the member at death shall be considered as the primary beneficiary, unless the member subsequent to marriage designates another beneficiary. A final divorce decree shall terminate an ex-spouse's status as either primary beneficiary, cobeneficiary, or contingent beneficiary, unless subsequent to divorce the member redesignates the former spouse as primary beneficiary, cobeneficiary, or contingent beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under KRS 161.470(7). A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. ***If a member fails to designate a beneficiary, the member's estate shall be deemed to be the beneficiary. Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system.*** The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section. The provisions of this section shall not apply to any account from which a member is drawing a retirement allowance or to the life insurance benefit available under KRS 161.655.

Section 6. KRS 161.515 is amended to read as follows:

In the event this service was rendered prior to July 1, 1983, the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty four hundredths percent (7.84%) based on the first Kentucky salary subsequent to the out-of-state service, regardless of when the service was rendered. Members shall pay to the retirement system the employer contribution at the rates set forth in KRS 161.550. In addition, all members shall pay interest on the contributions for this service at a rate to be set by the board of trustees on each annual contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. The payments shall not be picked up as described in KRS 161.540(2)]~~. For each year of which the retirement system shall accept ***payment***~~[the contribution and interest]~~, one (1) year of service credit shall be given. ***For members who purchased this service under the cost formula as it existed under this subsection on June 30, 2005,*** this credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section ***who purchased this service under the cost formula as it existed under those subsections on June 30, 2005,*** may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.01-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

(5) ***Service purchased under this section by members who at the time of purchase are employed by employers other than those described under Section 1(4)(b) or (n) of this Act shall be credited, as described under KRS 161.620(1)(a) and (b), with a retirement factor of two and one-half percent (2.5%) for each year of service that was originally performed on or after July 1, 1983, and two percent (2%) for each year of service performed before July 1, 1983. Service purchased under this section by members who at the time of purchase are employed by employers described under Section 1(4)(b) or (n) of this Act shall be credited, as described under KRS 161.620(1)(a), with a retirement factor of two percent (2%) for each year of service regardless of when the service was performed***~~[Notwithstanding any other provisions of this section to the contrary, purchase of service credit for out-of-state teaching, Kentucky Peace Corps, and federal Peace Corps service on July 1, 2005, or thereafter shall be purchasable only at full actuarial cost]~~.

Section 7. KRS 161.520 is amended to read as follows:

Upon the death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as the primary beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred forty dollars ($240) per month when the surviving widow or widower's total income from all sources does not exceed six thousand six hundred dollars ($6,600) per year or five hundred fifty dollars ($550) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower of a member who dies after July 1, 1978, shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be two hundred dollars ($200) per month in the case of one (1) child, three hundred forty dollars ($340) per month in the case of two (2) children, four hundred dollars ($400) per month in the case of three (3) children, and four hundred forty dollars ($440) per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (3) of this section. ***Notwithstanding any provision to the contrary, the surviving spouse may elect to receive a lump-sum refund of the member's account in lieu of the survivorship benefits payable under subsection (1) of this section and this subsection only if the surviving spouse is designated as the primary beneficiary and is a biological or adoptive parent of all the children eligible for a benefit under this subsection and has not had his or her parental rights terminated, or only if the surviving spouse has been appointed as legal guardian of all of the children eligible for a benefit under this subsection. To elect a lump-sum refund of the member's account under these conditions, the surviving spouse shall sign a waiver on forms prescribed by the retirement system of his or her rights, and the member's children's rights, to the survivorship benefits payable under subsection (1) of this section and this subsection. The surviving spouse may not waive the survivorship benefits available under subsection (1) of this section or this subsection if any of the member's children have attained age eighteen (18) or older unless those children consent in writing on forms prescribed by the retirement system to waive their survivorship benefits available under this subsection.***

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(14). Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section. ***Notwithstanding any provision to the contrary, the surviving spouse may not elect to receive a lump-sum refund of the member's account in lieu of the survivorship benefits payable under subsection (1) of this section and this subsection, unless the member's children have been adjudicated incompetent to make decisions on their own behalf by a court of law and the surviving spouse has been appointed by the court as guardian, conservator, or other fiduciary with sufficient general or specific authority to waive the survivorship benefits available under this subsection. Otherwise, the surviving spouse may not waive the benefits payable under this subsection. Only spouses who are designated as the primary beneficiary may make this election. If eligible to elect a lump-sum refund of the member's account under these conditions, the surviving spouse shall sign a waiver on forms prescribed by the retirement system of his or her rights, and the member's children's rights, to the survivorship benefits payable under subsections (1) and (2) of this section and this subsection.***

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for same period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall

continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating to eligibility or dependency, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary.

(8) No payment of benefits shall be made unless the board of trustees authorizes the payment. The board shall promulgate administrative regulations for the administration of the provisions in this section and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.

(9) ***If***[~~In the event that~~] there are no eligible survivors as defined in subsections (1) to (5) of this section, ***or if the surviving spouse elects not to receive survivorship benefits on his or her own behalf and on behalf of any of the member's children as permitted under subsections (2) and (3) of this section,*** the board of trustees shall pay to the estate or ***the designated beneficiaries***[~~assigns~~] of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of the accumulated contributions.

(10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits.

Section 8. KRS 161.522 is amended to read as follows:

Upon the death of a member retired for disability who had a minimum of twenty-seven (27) years of service at the time of death, except as provided in KRS 161.661(6), the spouse, if named as the ***primary*** beneficiary of the member's account, shall be entitled to elect, in lieu of a refund of the member's account, an annuity actuarially equivalent to the annuity that would have been paid to the deceased member had retirement for service been effective on the day immediately preceding the member's death. ***This option shall be available only during the entitlement period described under KRS 161.661(3) and (4) prior to the recalculation of the member's disability allowance under KRS 161.661(5).*** In selecting this right, the spouse shall be limited to selecting an option providing a straight life annuity with refundable balance or a term certain option. There shall be a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This section applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1988, and to surviving spouses of members who die on or after July 1, 1984, except that the member shall have been retired for disability with a minimum of thirty (30) years of service if either of these two (2) conditions were met prior to July 1, 1990.

Section 9. KRS 161.540 is amended to read as follows:

(1) Effective July 1, 1988, each member shall contribute to the retirement system nine and eight hundred fifty-five thousandths percent (9.855%) of annual compensation, except that university ***employees who participate in the Kentucky Teachers' Retirement System***[~~faculty members~~] shall contribute eight and three hundred seventy-five thousandths percent (8.375%) of annual compensation. Payments authorized by statute that are made to retiring members for not more than sixty (60) days of unused accrued annual leave shall be considered as part of the member's annual compensation, and shall be used only for the member's final year of active service. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. In the event a member is awarded a court-ordered back salary payment the employer shall deduct and remit the member contribution on the salary payment, plus interest to be paid by the employer, to the retirement system unless otherwise specified by the court order.

(2) Each public board, institution, or agency listed in KRS 161.220(4) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the member contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). The picked-up member contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the member contribution, and the picked-up member contribution shall be in lieu of a member contribution. Each employer shall pay these picked-up member contributions from the same source of funds which is used to pay earnings to the member. The member shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Member contributions picked-up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as member contributions made prior to August 1, 1982.

Section 10. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-

time teaching as provided in the administrative regulations of the board of trustees if contributions were not otherwise made as a result of the service. Members placed on leave of absence ***during a period of full-time employment as defined in subsection (21) of Section 1 of this Act*** may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence ***during a period of full-time employment as defined in subsection (21) of Section 1 of this Act*** since July 1, 1964, for reasons of health as defined under the Federal Family Medical Leave Act of 1993, 29 U.S.C. secs. 2601 et seq., child rearing, or to improve their educational qualifications, and did not ***purchase***~~[qualify at the time of]~~ the leave of absence~~[to make contributions to the retirement system for the leave of absence]~~ as provided in subsection (1) of this section, may obtain credit for the leave of absence under the following conditions:

(a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence or by other documentation that was generated contemporaneously with the leave that is determined by the retirement system to reasonably establish that a leave of absence was granted; and

(b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing in the state accumulation fund an amount equal to this total.

(c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3) Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

Section 11. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. The cost of the feasibility study shall be paid by the Kentucky Teachers' Retirement System.

Section 12. KRS 161.568 is amended to read as follows:

(1) Eligibility to participate in the optional retirement plan shall be determined by the board of regents of each of the state public postsecondary education institutions identified in KRS 161.220(4)(b). The employees of these institutions of higher education who are initially employed on or after the implementation date of the optional retirement plan may make an election to participate in the optional retirement plan within thirty (30) days after their employment date. This election shall be irrevocable except as otherwise provided in this subsection. No member of the Kentucky Teachers' Retirement System who terminates employment and is subsequently reemployed by the same or another public postsecondary education institution which participates in the Kentucky Teachers' Retirement System may be eligible to elect to participate in the optional retirement plan unless the date of reemployment is at least six (6) months after the date of termination. ***All***

elections made under this subsection shall be in writing and shall be filed with the appropriate officer of the employer institution. Persons who originally elected to participate in the optional retirement plan may later change their election only as follows:

(a) Any person ***otherwise eligible for membership in the Kentucky Teachers' Retirement System***[~~who previously elected to participate in the optional retirement plan~~] may irrevocably elect one (1) time during his or her lifetime to change his or her election and to prospectively participate in the Kentucky Teachers' Retirement System. This election to change from the optional retirement plan to Kentucky Teachers' Retirement System shall be effective beginning on the first day of the first month immediately following the date that written application for the election is received in the retirement system's office on forms prescribed by the system. ***Persons exercising this election shall not be entitled to purchase as service credit in the Kentucky Teachers' Retirement System any prior service with his or her postsecondary institution employer.***

(b) Any person otherwise eligible for membership in the Kentucky Teachers' Retirement System who previously elected to participate in the optional retirement plan may irrevocably elect one (1) time within his or her first six (6) years and six (6) months of continuous service in any one (1) or more of the institutions identified in subsection (4)(b) of Section 1 of this Act, to change his or her election and to prospectively participate in the Kentucky Teachers' Retirement System and also become eligible to purchase as service credit his or her prior service with his or her postsecondary education employer. This election to change from the optional retirement plan to the Kentucky Teachers' Retirement System shall be effective beginning on the first day of the first month immediately following the date that written application for the election is received in the retirement system's office on forms prescribed by the retirement system. Persons electing to change from the optional retirement plan to the Kentucky Teachers' Retirement System may purchase service credit only for their prior years of service for a postsecondary education institution identified under subsection (4)(b) of Section 1 of this Act during which they participated in the optional retirement plan. The election to purchase prior service as service credit shall be received in the retirement system's office on forms prescribed by the retirement system within the six (6) year and six (6) month period provided to make the election to begin participation in the Kentucky Teachers' Retirement System. The cost of purchasing this service shall be calculated by adding both the employer and member contributions that would have been paid to the Kentucky Teachers' Retirement System had the individual purchasing this service participated in the Kentucky Teachers' Retirement System instead of the optional retirement plan, less the amount contributed to the Kentucky Teachers' Retirement System by the postsecondary institution as provided by subsection (5) of Section 13 of this Act, or subsection (5)(a)2. of Section 13 of this Act as it existed on June 30, 2007. Interest at Kentucky Teachers' Retirement System's actuarially assumed rate shall be paid on these net contributions by the person electing to change to the Kentucky Teachers' Retirement System from the optional retirement plan. These payments shall not be picked up as described in subsection (2) of Section 9 of this Act. Persons who elect to change from the optional retirement plan to the Kentucky Teachers' Retirement System may elect to purchase as service credit, beginning with the most recent years, any portion of their prior years of service during which they participated in the optional retirement plan, or none of those years. Members may purchase service credit for prior years of service by rolling over funds from their optional retirement plan account as provided under KRS 161.5461.

(c) Effective July 1, 2007, persons otherwise eligible for membership in the Kentucky Teachers' Retirement System may irrevocably elect one (1) time to change their election and to prospectively participate in the Kentucky Teachers' Retirement System and purchase service credit for their prior years of service during which they participated in the optional retirement plan. This election shall be filed in writing with the Kentucky Teachers' Retirement System no later than December 31, 2007. Persons who change their election prior to July 1, 2007, to prospectively participate in the Kentucky Teachers' Retirement System may purchase service credit for their prior years of service during which they participated in the optional retirement plan. The purchase of prior years of service under this subsection shall be subject to the same conditions and purchase costs as described in paragraph (b) of this subsection, except that the election to purchase service credit shall be on file with the Kentucky Teachers' Retirement System no later than December 31, 2007.

(d) Persons electing to change to the Kentucky Teachers' Retirement System under paragraphs (a), (b), and (c) of this subsection shall be eligible to participate, based upon their age and allowable service credit, in the disability, survivorship, and medical insurance programs under the conditions and in the degree as they exist on the date that they file their election with the retirement system, but shall be subject to any changes to those programs from that date forward, including any changes that may affect their eligibility for or degree of participation in those programs. Prior service purchased as service credit as permitted under paragraphs (b) and (c) of this subsection shall not be considered for meeting eligibility requirements or determining the extent of participation in these programs. Persons electing to change to the Kentucky Teachers' Retirement Systems shall not be eligible for the survivorship or disability programs based upon medical conditions that existed prior to the filing of their election[~~These elections shall be made in writing and filed with the appropriate officer of the employer institution~~].

(2) Elections of eligible employees hired on or after the implementation date of the optional retirement plan at their employer institution shall be effective on the date of their employment. If an eligible employee hired subsequent to the

implementation date at the employer institution fails to make the election provided for in this section, he shall become a member of the regular retirement plan of the Kentucky Teachers' Retirement System.

Section 13. KRS 161.569 is amended to read as follows:

(1) Any person electing to participate in the optional retirement plan shall be ineligible for membership in the regular retirement plan of the Kentucky Teachers' Retirement System for as long as he is employed in a position for which the optional retirement plan is available, except as provided in KRS 161.568(1).

(2) Any person electing to participate in the optional retirement plan shall acknowledge in writing that the benefits payable to participants are not the obligation of the Commonwealth of Kentucky or the Kentucky Teachers' Retirement System, and that these benefits and other rights of the optional retirement plan are the liability and responsibility solely of the designated companies to which contributions have been made.

(3) Benefits shall be payable to optional retirement plan participants or their beneficiaries by the designated companies in accordance with the contracts issued by each company and the retirement plan provisions adopted by each public institution.

(4) Annuity contracts issued under the optional retirement plan and all rights of a participant in the optional retirement plan shall be exempt from any state, local, or municipal tax; assessment for the insolvency of any life, health, or casualty insurance company; any levy or sale, garnishment, or attachment; or any process whatsoever, and shall be unassignable except as otherwise specifically provided by the contracts offered under the optional retirement plan adopted by the respective public institutions of higher education. Except contracts issued and rights accrued in the optional retirement plan on or after January 1, 1998, shall be subject to the tax imposed by KRS 141.020, to the extent provided in KRS 141.010 and 141.0215.

(5) [~~(a)~~]Each institution shall contribute ***for each payroll period of each fiscal year***[~~on behalf of each participant in its optional retirement program the following:~~

~~1. To the designated company or companies, an amount equal to the amount that would have been payable to the Kentucky Teachers' Retirement System if the member had elected to participate in that plan instead of the optional retirement plan, less the amount contributed to the Kentucky Teachers' Retirement System pursuant to subparagraph 2. of this paragraph; and~~

~~2.~~] to the Kentucky Teachers' Retirement System, an amount equal to ***five and one-tenth percent (5.1%) of the total salaries of all persons who elect or elected to participate in the optional retirement plan instead of the Kentucky Teachers' Retirement System***[~~the contribution which would have been payable to the Kentucky Teachers' Retirement System on account of the unfunded liability if the member had elected to participate in that plan instead of the optional retirement plan. The rate of contribution shall be determined annually by the Kentucky Teachers' Retirement System actuary.~~] This payment shall continue to be made[~~ on behalf of all participants in the optional retirement plan~~] until July 1, ***2048***[~~2018, the current amortization period of the Kentucky Teachers' Retirement System.~~

~~(b) Each participant shall contribute an amount equal to the present member contribution to the Kentucky Teachers' Retirement System. Employee contributions to the optional retirement plan shall be made by salary reduction under either Section 403(b) or 414(h) of the Internal Revenue Code of 1986~~].

Section 14. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1988, a member of the retirement system may qualify for service retirement by meeting one (1) of the following requirements:

(a) Attainment of age sixty (60) years and completion of five (5) years of Kentucky service;

(b) Attainment of age fifty-five (55) years and completion of a minimum of five (5) years of Kentucky service with an actuarial reduction of the basic allowance of five percent (5%) for each year the member's age is less than sixty (60) years or for each year the member's years of Kentucky service credit is less than twenty-seven (27), whichever is the lesser number;

(c) Completion of twenty-seven (27) years of Kentucky service. Out-of-state service earned in accordance with the provisions of KRS 161.515(2) may be used to meet this requirement; or

(d) Completion of the necessary years of service under provisions of KRS 61.559(2)(c) if the member is retiring under the reciprocity provisions of KRS 61.680. A member retiring under this paragraph who has not attained age fifty-five (55) shall incur an actuarial reduction of the basic allowance determined by the system's actuary for each year the member's service credit is less than twenty-seven (27).

(2) Any person who has been a member in Kentucky for twenty-seven (27) years or more and who withdraws from covered employment may continue to pay into the fund each year until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during the member's last full year in covered employment, less any payment received for accrued sick leave or accrued leave from an employer. The member shall be entitled to receive a retirement allowance as provided in KRS 161.620 at any time after withdrawing from covered employment and payment of contributions under this subsection. No member shall make contributions as provided for in this subsection if the member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(3) Service credit in the Kentucky Employees Retirement System, the State Police Retirement System, the Legislators' Retirement Plan, the County Employees Retirement System, or the Judicial Retirement System may be used in meeting the service requirements of subsection (1)(a), (b), and (c) of this section, provided the service is subsequent to July 1, 1956. Upon death, disability, or service retirement, a member's accounts under all state supported retirement systems shall be consolidated, as provided by this section and by KRS 61.680, for the purpose of determining eligibility and amount of benefits, which shall include medical benefits. Upon determination of benefits, each system shall pay the applicable percentage of total benefits. The effective date of retirement under this subsection shall be determined by each retirement system for the portion of the payments that will be made.

(4) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with administrative regulations of the board of trustees. ***A member may withdraw his or her retirement application, postpone his or her effective retirement date, or change his or her retirement option if those elections are made no later than the fifteenth day of the first month that the member has made application for retirement.***

(5) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to the member's death.

Section 15. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. ***Nonqualified*** service credit purchased under the provisions of KRS 161.5465***, or elsewhere with any state-administered retirement system,*** may not be used to meet the thirty (30) year requirement set forth in this subsection. ***Out-of-state teaching service provided in public schools for kindergarten through grade twelve (12) may count toward the thirty (30) year requirement set forth in this subsection even if it is not purchased as service credit, if the member obtains from his or her out-of-state employer certification of this service on forms prescribed by the retirement system.***

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered.

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis.

(4) Under this section, an employer may employ full-time a number of retired members not to exceed three percent (3%) of the membership actively employed full-time by that employer. The board of trustees may reduce this three percent (3%) cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the three percent (3%) cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year.

(5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will contribute to an account with the retirement system that will be administered independently from and with no reciprocal impact with

the member's original retirement account. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The second account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this second account shall be calculated pursuant to KRS 161.620(1)(b). This second account shall not entitle the member to a duplication of the benefits offered under KRS 161.620(7)~~[, 161.655,]~~ or 161.675, nor shall this second account provide the benefits offered by KRS 161.520, 161.525, ***161.620(3), Section 22 of this Act,*** 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470.

(6) The board of trustees may annually, on July 1, adjust the current daily rate of a member's last annual compensation, for each full twelve (12) month period that has elapsed subsequent to the member earning his or her last annual compensation, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. Each annual adjustment shall become part of the member's daily rate base. Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations. ***Notwithstanding any other statute or provision to the contrary, members retiring from local school districts who return to work for a local school district under subsection (1) or (2) of this section shall be entitled, without any reduction to their retirement allowance or any other retirement benefit, to earn a minimum amount equal to the base contract salary for the lowest rank and step on the certified teachers' salary schedule effective at the school district for which they return to work.***

(7) (a) A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer.

(b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. For purposes of measuring the separation-from-service requirements set forth throughout this section, a member's separation-from-service begins on the first day following the last day of paid employment for the member prior to retirement.

(c) Failure to comply with the separation-from-service requirements in this subsection voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service.

(8) (a) Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under KRS 161.220(21), whichever number is greater. Retired members returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of

reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under KRS 161.550. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.

(b) The Department of Education may employ retired members in full-time or part-time teaching positions without the limitations on compensation otherwise required by subsections (1) and (2) of this section to fill critical shortage areas in the schools it operates, including the Kentucky School for the Blind, the Kentucky School for the Deaf, and the Kentucky Virtual High School. The department shall be subject to the same requirements as local school districts as provided in paragraph (a) of this subsection.

(9) Members who retired on or before June 30, 2002, ***and who continued employment under the one hundred (100) day provisions through the 2006-2007 fiscal year,*** may, ***through***[~~for~~] the fiscal year concluding on June 30, ***2010***[~~2007~~], ***continue to*** be reemployed under the one hundred (100) day provisions of this section as they existed on June 30, 2002, except that members returning to work under those provisions shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540 and members' employers shall make contributions to the Kentucky Teachers' Retirement System at the rates specified under KRS 161.550. Those members returning to work under the one hundred (100) day provisions of this section as they existed on June 30, 2002, shall further waive their medical insurance coverage with the retirement system during the period of reemployment and will instead receive the medical insurance coverage generally provided by their active employer to other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. Notwithstanding any other statute to the contrary, retired members returning to work shall under no circumstances be permitted to purchase as service credit service provided under the one hundred (100) day provisions of this section as they existed on June 30, 2002. Any member who exceeds the one hundred (100) day limitation of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefits to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding one hundred (100) days.

(10) ***Notwithstanding any statute to the contrary,*** the return to work limitations set forth in this section and KRS 161.603 shall apply to retired members who are returning to work in the same position from which they retired, ***a position described in KRS 161.046*** or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section and KRS 161.603. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection.

(11) The provisions of subsections (1) to (9) of this section are not subject to KRS 161.714.

(12) Retired members may be employed in a part-time teaching capacity by an agency described in KRS 161.220(4)(b) or (n), not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. Retired members may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by an agency described in KRS 161.220(4)(b) or (n) in a position that would otherwise be covered by the retirement system. The return to work provisions set forth in subsections (1) to (9) of this section shall not apply to retired members who return to work solely for an agency described in KRS 161.220(4)(b) or (n). Calculation of the number of days and teaching hours for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding twelve (12) hours, one hundred (100) days, or any apportionment of the two (2) combined.

(13) When a retired member returns to employment in a part-time teaching capacity or in a nonteaching capacity as provided in subsection (12) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for retired members who return to work under subsection (12) of this section.

(14) For retired members who return to work during any one (1) fiscal year in both a position described in KRS 161.220(4)(b)

or (n) and in a position described under another provision under KRS 161.220(4), and for retired members who return to work in a position described under KRS 161.220(4)(b) or (n) in both a teaching and an administrative or nonteaching capacity, the board of trustees shall adopt a methodology for a pro rata apportionment of days and hours that the retired member may work in each position.

Section 16. KRS 161.612 is amended to read as follows:

Effective July 1, 2002, any individual occupying a position on a part-time basis that requires certification or graduation from a four (4) year college or university as a condition of employment and any individual providing part-time or substitute teaching services that are the same or similar to those teaching services provided by certified, full-time teachers shall be a member of the Kentucky Teachers' Retirement System, according to the conditions ***and only to the extent*** set forth in this section, if the individual is employed by one (1) of the public boards, institutions, or agencies set forth in KRS 161.220, excluding those public boards, institutions, and agencies described in KRS 161.220(4)(b) and (n). Members providing part-time and substitute services shall participate in the retirement system as follows:

(1) Members providing part-time and substitute services shall accrue service credit as provided under KRS 161.500 and be entitled to a retirement allowance upon meeting the service retirement conditions of KRS 161.600. The board of trustees shall adopt a methodology for accrediting service credit to these members on a pro rata basis. The methodology adopted by the board of trustees may be amended as necessary to ensure its actuarial soundness. The retirement allowance for members providing part-time and substitute services shall be calculated pursuant to KRS 161.620. Members providing part-time and substitute services who meet the service retirement conditions of KRS 161.600 may also be eligible to participate as approved by the board of trustees in the medical insurance program provided by the retirement system under KRS 161.675. Members providing part-time and substitute services shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540. A member who provides part-time or substitute services, or in the event of the death of the member, the member's estate or applicably designated beneficiary, will be entitled, within ninety (90) days of the posting of the annual report submitted by the member's employer, to a refund of contributions as permitted and limited by KRS 161.470.

(2) The board of trustees shall adopt eligibility conditions under which members providing part-time and substitute services may participate in the benefits provided under KRS 161.520, 161.655, 161.661, and 161.663. The board of trustees may ***permit***[~~adopt eligibility conditions under which~~] members providing part-time or substitute services may participate in other benefits offered by the retirement system ***by promulgating administrative regulations that establish eligibility conditions for participation in those benefits***. All eligibility conditions adopted by the board of trustees pursuant to this subsection may be amended as necessary to ensure their actuarial soundness.

(3) In addition to the pro rata methodology adopted by the board of trustees under subsection (1) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding the accrual, retention, accreditation, and use of service credit that apply to members providing full-time services. In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services.

(4) Notwithstanding any other provisions of this section to the contrary, instructional assistants who provide teaching services in the local school districts on a full-time basis in positions covered by the County Employees Retirement System who are used as substitute teachers on an emergency basis for five (5) days or less during any one (1) fiscal year shall not be considered members of the Teachers' Retirement System during that period in which they are serving as substitute teachers for five (5) days or less.

(5) The board of trustees may adopt a pro rata methodology to determine the annual compensation of members providing part-time and substitute services in order to determine benefits provided under KRS 161.661 and 161.663. Members providing part-time and substitute services who had retirement contributions posted to their accounts during the previous fiscal year and who have not had those contributions refunded to them are eligible to vote for the board of trustees.

(6) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(7) The provisions of this section are not subject to KRS 161.714.

Section 17. KRS 161.614 is amended to read as follows:

A court order awarding additional back salary to or reinstating a member as a result of employment in a position covered by the Kentucky Teachers' Retirement System shall entitle the member to additional salary or service credit, or both, under the following circumstances:

(1) Members shall make contributions to the Kentucky Teachers' Retirement System at the rate set forth in KRS 161.540 and members' employers shall make contributions at the rate set forth in KRS 161.550, with interest accruing on all contributions at the rate of eight percent (8%) per annum from the end of each fiscal year that back salary or the reinstatement was ordered. Contributions, plus interest, shall be made for each year that back salary or reinstatement was ordered. No service or salary credit shall be credited to a member's account unless full contributions are paid to the

Kentucky Teachers' Retirement System.

(2) The member may have court-ordered back salary credited to his or her account only to the extent that the member actually received payment for the back salary and only to the extent that the court-ordered back salary is within the salary scale that was available to the member in the covered position for the years that the back salary was awarded. Court-ordered back salary can be credited to the member's account only as permitted under KRS 161.220(9) and (10). The member may have court-ordered service credited to his or her account only after the retirement system has received the contributions and interest on the full compensation that would normally be earned in the position that is the subject of the litigation.

(3) The member's employer ordered to pay back salary or to reinstate the member by a court of competent jurisdiction shall provide the retirement system with a breakdown of the back salary awarded to the member on a year-by-year basis.

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made.

(5) For purposes of this section, a settlement agreement that provides back salary or reinstatement, and is adopted by order or judgment of a court of competent jurisdiction or is referenced in an order dismissing the action as settled shall have the same effect as a court order adjudicating the matter. Orders entered by a government board or agency as a result of litigation conducted on an administrative hearing level ***and legally binding arbitration awards*** shall be considered as court orders for the purposes of this section.

(6) Under no circumstances shall a member be entitled to service credit as a result of court-ordered reinstatement that is in violation of the provisions of KRS 161.500.

Section 18. KRS 161.623 is amended to read as follows:

(1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the Teachers' Retirement System may compensate, at the time of retirement for service, an active contributing member for unused sick-leave days in accordance with this section.

(2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. ***Notwithstanding any statute to the contrary,***[~~Such~~] sick-leave credit ***that is accredited under this section or by one (1) of the other state-administered retirement systems*** shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance ***from the Kentucky Teachers' Retirement System***.

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(10) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

(7) Payments to the retirement system for service credit obtained under this section or for compensation credit obtained under KRS 161.155(10) shall be based on the full actuarial cost as defined in KRS 161.220(22).

Section 19. KRS 161.630 is amended to read as follows:

(1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The retirement option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:

   (a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement that provides continuing benefits to a spousal beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or

   (b) Following marriage or remarriage, or the death of the designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.

(3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the life annuity with refundable balance option or the predetermined years certain and life thereafter option. ***A member may remove a beneficiary at any time, but may not designate a substitute beneficiary. Should a member elect to remove a beneficiary, the member's retirement allowance will not change regardless of the retirement option selected by the member, even if the removed beneficiary predeceases the member.***

(4) A member who experiences a qualifying event under subsection (2) of this section and who elects a new optional plan of payment shall make that election within sixty (60) days of the qualifying event.

Section 20. KRS 161.640 is amended to read as follows:

(1) Retirement annuities shall be payable monthly. The first payment to an annuitant shall be made at the payment date at the end of one (1) full payment period after his retirement and shall consist of one (1) regular monthly payment. Retirement for a member receiving one (1) full year of service credit during a fiscal year shall be no earlier than July 1 next following the end of such fiscal year. Notwithstanding any other statutory provisions to the contrary, members filling positions that customarily require twelve (12) months of service during a fiscal year cannot retire prior to July 1 without a corresponding pro rata reduction in salary and service credit. The board of trustees may determine which positions customarily require twelve (12) months of service during a fiscal year.

(2) The board of trustees may enter into agreements with retired members for payroll deductions when it is deemed in the best interest of the retired members and the retirement system.

(3) All new retirees, on or after July 1, 1998, shall receive their monthly annuity checks by electronic fund transfer. All ***retiree, beneficiary,***~~[annuity]~~ and survivor monthly allowance payments***, except as otherwise provided by this subsection,*** shall be made by electronic fund transfer by December 31, 1998. ***Except as otherwise provided in this subsection, all monthly payments shall be made payable only to an account solely in the name of the retiree, beneficiary, or survivor as an individual and natural person, or to a joint account in the name of the retiree, beneficiary, or survivor as an individual and natural person and another individual. When the retiree, beneficiary, or survivor is a resident of a nursing or assisted-care home, monthly payments may be paid to the order of the nursing or assisted-care home for the benefit of the retiree, beneficiary, or survivor by including the retiree's, beneficiary's, or survivor's name. Monthly annuity checks paid to a nursing or assisted-care home may be sent by mail rather than electronic fund transfer.***

Section 21. KRS 161.650 is amended to read as follows:

(1) In the case of death of a member who has retired by reason of service or disability, any portion of the member's accumulated contributions, including member contributions to the state accumulation fund and regular interest to the date of retirement, that has not, and will not be paid as an allowance or benefit shall be paid to the member's beneficiary in such manner as the board of trustees elects.

(2) The member may designate a primary beneficiary or two (2) or more cobeneficiaries to receive any remaining accumulated member contributions payable under this section. A contingent beneficiary may be designated in addition to the primary beneficiary or the cobeneficiaries. The member may designate two (2) or more contingent beneficiaries. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of any remaining accumulated member contributions. ***Members may designate only a single class of individuals, or trusts where otherwise permitted, as cobeneficiaries or contingent beneficiaries to share in equal proportions in any payment that may become available under this section.*** Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. In the event that the member fails to designate a beneficiary, any remaining accumulated member contributions shall be payable to the member's estate.

Section 22. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall:

(a) Provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. This life insurance benefit shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system; and

(b) Provide a life insurance benefit in a minimum amount of two thousand dollars ($2,000) for its active contributing members. This life insurance benefit shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system.

(2) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life insurance benefit. ***Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system. If a member fails***

to designate a beneficiary, the member's estate shall be deemed to be the beneficiary. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(4) Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

Section 23. KRS 161.675 is amended to read as follows:

(1) The board of trustees shall arrange by appropriate contract or on a self-insured basis to provide a broad program of group hospital and medical insurance for present and future eligible recipients of a retirement allowance from the Teachers' Retirement System. The board of trustees may also arrange to provide health insurance coverage through an insurer licensed pursuant to Subtitle 38 of KRS Chapter 304 and offering a managed care plan as defined in KRS 304.17A-500 as an alternative to group hospital and medical insurance for persons eligible for hospital and medical benefits under this section. The board of trustees may authorize present and future eligible recipients of a retirement allowance from the Teachers' Retirement System who are less than age sixty-five (65) to be included in the state-sponsored health insurance that is provided to active teachers and state employees under KRS 18A.225. Members who are sixty-five (65) or older and retired for service shall not be eligible to participate in the state employee health insurance program as described in KRS 18A.225.

(2) The coverage provided shall be as set forth in the contracts and the administrative regulations of the board of trustees. The board of trustees may change the levels of coverage and eligibility conditions to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and administrative regulations shall provide for but not be limited to hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. An annuitant whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years' creditable Kentucky service in the Teachers' Retirement System or five (5) years of combined creditable service in the state-administered retirement systems if the member is retiring under the reciprocity provisions of KRS 61.680 and 61.702. ***An annuitant***~~[A member retiring under the reciprocity provisions of KRS 61.680 and 61.702]~~ may not elect coverage through more than one (1) of the state-administered retirement systems. The board of trustees shall offer coverage to the disabled child of an annuitant regardless of the disabled child's age if the annuitant pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(3) All expenses for benefits under this section shall be paid from the funding provisions contained in KRS 161.420(5), premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute.

(4) (a) The board of trustees shall determine the amount of health insurance supplement payments that the Teachers' Retirement System will provide to assist eligible annuitants in paying the cost of their health insurance, based on the funds available in the medical insurance fund. The board of trustees shall establish the maximum monthly amounts of health insurance supplement payments that will be made by the retirement system for eligible annuitants. The board of trustees shall annually establish the percentage of the maximum monthly health insurance supplement payment that will be made, based on age and years of service credit of eligible recipients of a retirement allowance. Monthly health insurance supplement payments made by the retirement system may not exceed the amount of the single coverage insurance premium chosen by the eligible annuitants. In order to qualify for health insurance supplements made by the retirement system, the annuitant must agree to pay the difference between the insurance premium and the applicable supplement payment, by payroll deduction from his retirement allowance, or by a payment method approved by the retirement system.

(b) The board of trustees may offer, on a full-cost basis, health care insurance coverage provided by the retirement system to spouses and dependents of eligible annuitants not otherwise eligible for regular coverage. Recipients of a retirement allowance from the retirement system must agree to pay the cost of this coverage by payroll deduction from their retirement allowance or by a payment method approved by the retirement system.

(c) The board of trustees shall offer, on a full-cost basis, health insurance coverage provided by the retirement system to the disabled child of an annuitant, regardless of the age of the disabled child. A child shall be considered disabled for purposes of this section if the child has been determined to be eligible for federal Social Security disability benefits.

(5) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the hospital and medical insurance program. The board of trustees is empowered to pay the expenses for insurance coverage from the medical insurance fund, from the premium charges received from the annuitants and the

spouses, and from funds that may be appropriated or allocated by statute. The board may provide insurance coverage by making payment to insurance carriers including health insurance plans that are available to active and retired state employees and active teachers, institutions, and individuals for services performed, or the board of trustees may elect to provide insurance on a "self-insurance" basis or a combination of these provisions.

(6) The board of trustees may approve health insurance supplement payments to eligible annuitants who are less than sixty-five (65) years of age, as reimbursement for hospital and medical insurance premiums made by annuitants for their individual coverage. The reimbursement payments shall not exceed the minimum supplement payment that would have been made had the annuitant lived in Kentucky. Eligible annuitants or recipients shall submit proof of payment to the retirement system for hospital and medical insurance that they have obtained. Reimbursement payments shall be made on a quarterly basis.

(9) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

(10) In the event that a member is providing services on less than a full-time basis under KRS 161.605, the retirement system may pay the full cost of the member's health insurance coverage for the full fiscal year that the member is providing those services, at the conclusion of which, the retirement system may then bill the active employer and the active employer shall reimburse the retirement system for the cost of the health insurance coverage incurred by the retirement system on a pro rata basis for the time that the member was employed by the active employer.

Section 42. 2006 Kentucky Acts Chapter 252, Part II, Capital Projects Budget, on page 1259, after L. Transportation

Cabinet, after item 019., the following is added:

M. COAL SEVERANCE TAX PROJECTS

(1) Projects Authorization and Appropriation: Notwithstanding KRS 42.4588(2) and (4) and to the extent that a project has not received, or been authorized by the Governor's Office for Local Development to receive, funding prior to the effective date of this Act, the following projects are authorized and appropriated from Local Government Economic Development Fund moneys from the respective single county fund pursuant to KRS 42.4592 for public purposes in the following coal-producing counties in the manner and amounts enumerated. These projects are determined by the General Assembly to be important to the furtherance of the public policy objectives and economic development purposes for which the Local Government Economic Development Program was established. The amounts appropriated are estimates. Actual expenditures and encumbrances shall be limited to the actual receipts realized and available in the respective single county fund. These amounts are composed of estimated receipts for fiscal year 2006-2007 and fiscal year 2007-2008 in combination with prior unobligated balances in the respective single county funds. To the extent that a county that is authorized to proceed with a project enumerated below receives more single county Local Government Economic Development Fund moneys than are appropriated in this Act, the county may direct those funds to offset a cost overrun on any of the projects enumerated below upon approval of the Commissioner of the Governor's Office for Local Development.

(2) Water and Sewer Projects: The following projects that are related to water and sewer shall be administered by the Kentucky Infrastructure Authority.
